†SEEING FRANCE WITH UNCLE JOHN. By Anne Warner, author of "Susan Clegg and Her Friend Mrs. Lathrop," etc. Illustrations by May Wilson Preston. 12mo, about 300 pages. Price, $1.50.

This is a new book by Anne Warner, author of the well-known "Susan Clegg" stories.

Uncle John's main object in taking his niece and others abroad with him on a sight-seeing tour was largely on account of his objection to the attentions of a certain young gentleman, of whom he did not approve, to his niece. Uncle John had a most disquieting notion that every young man who smiled at his niece was flirting with her. Uncle John was a guileless old party, who sees nothing much of interest abroad except cafés, boulevards and theatres. He has a way of "doing" half a dozen museums in one day, and his one idea in traveling is to cover as much ground as possible in a given twenty-four hours. Uncle John's niece is followed abroad by the young man who loves her, as is to be expected, and the girl's attempt to keep the two men from meeting, gives the dramatic back-bone to this story. Not since Mark Twain's "Innocents Abroad" have we been given such a jolly and clever satire on that type of loud-mouthed American tourist who makes us blush when we meet him on foreign soil. Uncle John not only does up the museums but all the members of his party, and the reader feels a sympathy almost painful for the poor overwrought relatives that are dragged so precipitously across the face of France and back. This is a book of genuine humor

**** THE CHÂTEAUX OF TOURAINE. By Maria Hornor Lansdale. Royal octavo, about 375 pages. Sixty pictures, in color and in tint from drawings by Jules Guérin and from photographs. Price, $6.00 net; postage extra.**

A companion volume to "Italian Villas," by Edith Wharton, with Parrish's illustrations. A superb holiday gift book and one of vivid interest, in which the reader is made to live again through the stirring events, the joys and the sorrows of the dead and gone kings and queens identified with the early days of these châteaux of Touraine. The personal element is happily made much of, till the old walls are alive with the revels, the romance, and the tragedy of the lives associated with their youth. One reading of these pages, and Plessis-les-Tours, Loches, Chinon, Langeais, Amboise, Blois, Luynes, Chenonceaux, Azay-le-Rideau, Chaumont, Chambord and Cheverney can never again be only names; they will be the keystone of an arch made up of the stirring dramas played in France during the most thrilling and fascinating period of her history. The facts are set down with an accuracy and authority that make the volume as valuable as the sympathetic and glowing treatment makes it alluring; and the pictures are as delightful as the text, sixty in all, some from drawings by Jules Guérin and some from photographs, many of them printed in color and in tint. Typography and cover are in keeping, making "The Châteaux of Touraine" a work to appeal to every cultured reader and traveler and a volume to delight every book and art lover. It will be one of the most popular of the season's gift books.

† DON-A-DREAMS. By Harvey J. O'Higgins, author of "The Smoke-Eaters." 12mo, 350 pages. Price, $1.50.

Mr. O'Higgins's stories in the magazines, especially his stories of firemen in *The Century*, have attracted very wide attention, and it has been evident for some time that whenever Mr. O'Higgins should essay a novel he would make a success of it. This is the novel,—a love story of a youth of high ideals, but a dreamer and unpractical. The early chapters deal with the idyllic romance of a boy and girl. Like the author himself, the hero is a Canadian and comes to New York to seek his fortune; the girl comes to the city also, with the belief that she can earn her living as a music teacher. No one knows the life of the great metropolis better than Mr. O'Higgins, and his novel is full of the illusive beauty of the city, with all its grim realities. There is both comedy and tragedy in the chronicle of the struggles of this young man and woman who fight sturdily, if at times ineffectually, for the right to live and love and be happy.

It is a fine, tender, compelling romance. "Don-a-Dreams" is built more on the lines of "The Little Shepherd of Kingdom Come" than any recent work of fiction.

† IN THE DAYS OF THE COMET. By H. G. Wells, author of "The War of the Worlds," etc. 12mo, 350 pages. Price, $1.50.

This is the greatest book that Mr. Wells has ever written. It is imaginative work of a very high order, yet the book's chief charm is in its human interest and in the remarkable love story whose development both before and after "the Great Change" possesses an allegorical significance apart from its surface realism more suggestive of the beauty and power of Paradise Lost and Paradise Regained than any other modern work.

There is less of the supernatural in this story than in most of Mr. Wells's books, and more of straight romance. A young middle-class Englishman is in love with a girl who elopes with another man just at the time that a great comet, swiftly approaching the earth, lights the sky at night like a noon-day sun. The populace fill the streets in silent awe. The young man, thinking only of revenge, encounters his rival and the girl; he shoots the former just at the moment that the comet, with a blinding glare, grazes the earth. All living things are suddenly asphyxiated by its gases, and when the world awakes it is a new world with a new atmosphere. The young man has lost his enmity for his rival; the warring of the classes has ceased; the real "Brotherhood of Man" has dawned.

The development of the love story from this point on is most exhilarating; in fact the book is one of the most remarkable love stories ever written, and at the same time a powerful arraignment of present-day social and economic conditions. People of all kinds will read it with absorbing interest.

** ADDRESSES OF JOHN HAY. A collection of the more notable addresses delivered by the late Secretary of State during the last years of his life. 8vo, 300 pages. Price, 2.00 net; postage, 14 cents.

This will prove one of the more notable issues of the year, gathering, as it does, into permanent and dignified form, over a score of the late John Hay's formal discussions of public men and matters, written and delivered during his later and riper years. "The freedom of a master and the reserve of a gentleman"—to quote his own praise of another's good work—marked always John Hay's written and spoken words. Whatever the occasion, whatever his subject, his addresses always were rich in suggestive and inspiring thought; scholarly and charming in style. The present collection includes, among others of equal merit and interest, estimates of Franklin in France, Theodore Roosevelt, Sir Walter Scott, Clarence King and William McKinley, and discussions of "International Copyright," "America's Love of Peace," "American Diplomacy" and "Fifty Years of the Republican Party." It is a book to give every reader abroad a higher opinion of American character and statehood; and to make every American reader proud of John Hay, American citizen and statesman.

**** LINCOLN THE LAWYER. By Frederick Trevor Hill, author of "The Case and Exceptions," "The Accomplice," etc. Illustrations from photographs, documents, etc. 8vo, 350 pages. Price, $2.00 net; postage, 14 cents.**

Among many valuable records of the life and work of the Great American, Frederick Trevor Hill's "Lincoln the Lawyer" is absolutely unique in its viewpoint. Mr. Lincoln's practice as a lawyer extended over twenty-four years, yet his achievements as a statesman so transcended his legal accomplishment that his chief biographers have necessarily given brief space to his experience as a lawyer. Mr. Hill has undertaken the present work, believing that Lincoln's legal training proved invaluable to him at critical moments of the Presidency, and that it is possible that he would never have been called to his high station unless he had practised at the bar. "Mr. Hill's book," says the Hon. Isaac N. Phillips, reporter of decisions of the Illinois Supreme Court, "emphasizes the fact, elsewhere hardly mentioned, that Lincoln's preparation for his work largely grew out of his peculiar experiences and training as a practising Western lawyer, and Mr. Hill shows the further fact that Lincoln was a lawyer and an able one. His legal practice, as Mr. Hill shows, did more than anything else to equip him for the great task he had to perform."

The writer's manifest affection and reverence for Lincoln add to the charm of the record, which is based upon years of research and study. And clearly, logically, and convincingly, is shown how in Lincoln's years of struggle and practice in the Illinois courts he sowed the harvest whose reaping saved the nation and placed him high among America's heroes. Rich in anecdote and incident, and in reproductions of portraits and documents, readable, authoritative, original in treatment, "Lincoln the Lawyer" will take immediate rank among the most valuable contributions to Lincoln literature.

† GEORGIE. By Dorothea Deakin. Illustrated by Underwood and Ralph. 12mo, 300 pages. Price, $1.50.

This is a book which reminds one of Anthony Hope's "Dolly Dialogues," but instead of having a girl for its chief character, "Georgie," the hero, happens to be a man. He is a big, blond, boyish Englishman, who loves a different girl in every chapter of the book, and his penchant for being on with the new love before he is off with the old leads to all sorts of comedy situations. All women who read the book will fall ready victims to Georgie's charms, as did "plain Anne," the "Goddess Girl," and all his other fiancées.

The incidents of the story are many, and Georgie, whether he is playing the good Samaritan to a little music-hall artiste out of a job, or enlisting the services of a lunatic to make up the eleven at football (with remarkable results), is always the same cheerful, optimistic youth. Like the "Georgie Porgie" of ancient rhyme, our hero finally forswears all female society, and makes tracks for South America.

It is a jolly book for an idle hour,—reminding one somewhat of "When Patty Went to College," and it will appear in a style similar to that successful story.

† A MODERN MADONNA. By Caroline Abbot Stanley, author of "Order No. 11." 12mo, 375 pages. Price, $1.50.

A dramatic novel with a unique plot. A young widow unhappily married is confronted with the cruel terms of her husband's will whereby he has given the custody of their only child, a mere baby, to his brother. The scene is laid in Washington, D. C., where until ten years ago the father had a right to will away the "custody and tuition" of an unborn child. The husband had died under suspicious circumstances and the brother believes the young wife to be his murderer. He endeavors to obtain possession of the child. The mother flees with the baby, and for five years wanders about the country. The child is eventually given up to the brother, and its serious illness brings the mother and his guardian together. The aim of the mother throughout the book is the repeal of the barbarous law which makes her life a burden, yet when her endeavors are finally successful and the law is repealed, she has found her happiness in a love for her dead husband's brother. It is an old-fashioned novel, written with great power and interesting to the end.

†RING IN THE NEW. By Richard Whiteing, author of "No. 5 John Street," etc. 12mo, 309 pages. Price, $1.50.

Interest is keener to-day than ever before, perhaps in the history of the world, in the living and thinking of "the other half"; and on the life and thought of "the other half" in London there is no better, or more sympathetic, authority living than Richard Whiteing, as he proved in his "No. 5 John Street."

"Ring in the New" introduces Prue, twenty, orphaned, unworldly, unskilled, with a scant thirty pounds between her and the world. Says Prue of her prospects: "How am I to get my togs for Girton, with a sum like that?" "How are you to get to Girton at all," her cousin's reply, is poor Prue's first revelation of the world's possibilities. What life may mean to such a girl, what it does mean to thousands of gently-bred, gentle-natured, incompetent working-girls in London, is told in "Ring in the New," with Prue's solution, if it really is a solution, and the solution gained and sought after by her friends and acquaintances. "There is no escape from the Iron Law of brotherhood," is the creed, a working creed too, of the young Socialist who is passionate, yet self-restrained, ardent, but not bigoted, and who wins Prue to broader outlook and sympathies, first through her fellowship with others of the working class, then through her love of her teacher.

It is a story of much charm and power, brightened with many touches of humor, for those who read only for the story; for the more serious-minded, suggestive, intensely interesting, illuminating. The book has made a great success in England.

† THE UPSTART. By Henry M. Hyde. 12mo, 350 pages. Price, $1.50.

The author of this novel is a well-known writer of short stories. He has been editorially connected with the Chicago *Tribune* for seven years. "The Upstart" is the story of a little Irish lad in an Illinois town who starts heavily handicapped, but who wins success in the end, at first with his fists, later with his silver voice, and finally by the breadth and brilliancy of his mind. The reader follows the hero's career breathlessly through the various struggles of his life that culminate in his winning the belle of the town and a seat in Congress.

Like "Tillie, a Mennonite Maid," this is a story of plain country people, narrow but tremendously interesting, and the love interest and the business career of the hero are woven together in a way that holds one to the last page. It is a racy, humorous, dramatic narrative.

**A BOOK OF MUSIC. Poems by Richard Watson Gilder. 16mo. Price, $1.00 net, postage 4 cents.

This is a collection of those of Mr. Gilder's poems which relate to music, either directly or symbolically. Nine of them have appeared in no other of his books, and several have not before appeared in print. The newer poems are "Prelude," "MacDowell," "The Unknown Singer," "The Voice," "Music at Twilight," "Music in Moonlight," "The Pathetic Symphony," "A Mood," and "Wagner." In the "Prelude" and in "Music and Words," the author sets forth the theory of his poems on musical themes. The collection includes poems on the playing of Paderewski, Essipoff, Rubinstein, and Adele Aus der Ohe, and of "Handel's Largo," "Beethoven," "The Anger of Beethoven," "The Violin," "The 'Cello," "Music in Darkness," etc.

† THE TREASURE OF PEYRE GAILLARD. By John Bennett, author of "Master Skylark," "Barnaby Lee." Illustrated, 12mo. Price, $1.50.

This is a very remarkable story,—unquestionably one of the best tales ever written of a cryptogram and its unravelling. There is a legend in a Southern family of treasure buried by an ancestor in Revolutionary days at the time of a Tory raid. The Civil War has swept away most of the family property and to them comes a young surveyor cousin from the North. He works out the remarkable cryptogram and finds the treasure concealed in a swamp. The story of his clever reasoning (assisted by a charming girl cousin) is only rivaled by the chapters which contain the adventures of the party which unearths the treasure. No better story of a fathomed mystery has been told in many a day.

† THE CRIMSON SWEATER. By Ralph Henry Barbour, author of "The Half Back," "For the Honor of the School," etc. Illustrations by C. M. Relyea. 12mo, 350 pages. Price, $1.50.

"The Crimson Sweater" is a story for boys that their sisters will enjoy as well. Roy, the chief character, is a manly, bright lad, more interested perhaps in foot-ball than in algebra; but staunch to his ideas of right and fair play whatever he is doing. There is a healthy comradeship between Roy and Harry, the daughter of the headmaster of the school; and the story of "the school's" adventures and misadventures is of wholesome interest for both girls and boys. There is n't a dull page in "The Crimson Sweater"; and there are plenty of lively illustrations by C. M. Relyea.

Genealogies and doctrines have been omitted, as well as such parts as careful parents are apt to skip when reading the Bible aloud to their children. This second book of Pinkey Perkins' adventures is, if possible, even more wholesome, humorous and human than the earlier record, which introduced us to Pinkey and gave him place in the list of the immortal boys of Aldrich and Twain and Howells and White. Pinkey's further adventures are just those of any natural, mischievous, healthy-minded lad in a country town, the kind of fun that carries grown-up readers back to their boyhood days and warms the cockles of their hearts. Lads of Pinkey's age will find him a jolly companion, so it is a book that the young and old of every household will chuckle over, and turn to more than once.

BARRETT. Abraham Lincoln and His Presidency. By Hon. J. H. Barrett. This long-expected life of Lincoln fills an important place in the list of biographies of this remarkable man, and will prove a notable contribution to the field of American biography and history. It is an entirely new work, having the advantage of the contemporary point of view by the author, who knew him intimately, combined with that of the matured judgment gained by years of study of the man whose character was the brightest thing the country produced during an epoch of gloom. It contains much new and valuable material, including unpublished letters, new anecdotes illustrative of Lincoln's character, and corrects many errors of fact and inference that have gained general currency. Mr. Barrett has been able to present to the reader, not merely Lincoln the President, but Lincoln the Man, in a manner unexcelled and probably unequaled by any other biographer. Lincoln is treated as a natural man of normal growth rather than as a phenomenon. 2 vols. 8vo. Cloth. Illustrated. $5.00

"The book has a value above that of its vivacious reminiscent interest, arising from the author's wide acquaintance with distinguished public men and his participation, as an actor or spectator, in important scenes and events; an interest almost unsurpassed by any book of the kind. It is exceedingly valuable also as a chronicle of the progress in Prison Reform and other philanthropic movements in our country during the past century, in furthering which General Brinkerhoff has had a leading part. It has a great value on this account as a book of reference for students in Penology and Scientific Charity." Second edition. 8vo. Cloth. $2.00

BUCK. Mystic Masonry: or, The Symbols of Freemasonry and the Greater Mysteries of Antiquity. By J. D. Buck, M. D. Third edition. 12mo. Cloth. Illustrated. $1.50

BUCK. A Study of Man and the Way to Health. By J. D. Buck, M.D. "The work is clearly written, and exhibits a familiar knowledge of those doctrines and speculations which have either been silently incorporated with modern theories or are now being recalled and re-examined. The illustrations are nearly all original. Especial pains has been taken to make them representative of the Park scenery as a whole, and not simply an album of conventional geyser and waterfall views. Fifth edition. 1905. TUNISON. The Graal Problem. From Walter Map to Richard Wagner. By J. S. Tunison. The theme of the Holy Graal is one of perennial interest. These men of flesh and blood, who were capable of filling whole centuries with their activities, are worth considering in the study of a literature which they occasioned. The Leader.

A Juvenile Monthly.

THE LEADER is the continuation, under a change of name and form, of THE YOUNG CATHOLIC, established in 1872.

THE LEADER contains entertaining stories of adventure, sport, travel, all of interest to the young; articles on our country's history, on the history of our religion, on the lives of its saintly heroes—all permeated with a healthy atmosphere of Catholic faith and morality, calculated to make its readers intelligent, worthy men and women. Special attention is paid to the current history of the world in order to keep the young in touch with whatever is vital in present-day history, and thus free them from the temptation of reading the unreliable and oftentimes immoral daily paper.

A Pioneer from Kentucky.

By Col. Henry Inman.

175 Pages; Full English Cloth; Gilt Top and Titles; Price, 75 cents.

An Idyl of the Raton Range. An entertaining, chaste and graphic contribution to the literature of the region of the Rocky Mountains. A beautiful frontispiece by Stone. An expensive and special paper; rough edges. As handsome a volume as you will find on the counters of any bookstore.

The Overland Stage to California.

By Frank A. Root, messenger in charge of the express, and agent of the Postoffice Department; and William Elsey Connelley.

650 pages, 9x6 inches in size. Fine paper. Illustrated with nearly 150 engravings. Splendid map, showing all the trails across the plains, engraved expressly for this book. Price: Cloth, $2.50.

The work contains authentic history gathered at great expense of time and money, and is the personal narrative of a competent and conscientious eye-witness.

The value of this book lies in its fidelity —in its strict adherence to truth and its faithfulness to fact. It is, first of all, a historical work; the story of men who saw for themselves. But in the relation of historic annals it often touches the story of the romance of the plains. Its principal mission in all time will be to preserve the real spirit of the first gigantic enterprises of the great West. The conquest of the Great Western Wilderness, many of the events of which are portrayed in this volume, is the most fascinating romance in all history. No ornament of flowing sentences is necessary; the simple recital of vital facts reveals adventures and heroism far beyond the imagination of fiction.

A Revolution in the Science of Cosmology.

By George Campbell.

Full Cloth; Illustrated; 201 Pages; $1.00.

This book is another step in the demonstration of the unity of science and revelation. So far as the Creation is concerned, revealed truth and scientific truth are here shown to be one and the same. This work contains in concise form:

1. A pen-picture of the infinitude of space, the chaos antedating the Creation.

2. The origin of solar light, heat and electricity, and the natural laws that obtained in the progress and development of the universe of organized matter.

3. It sets forth the natural causes that threw the earth out of center, changed the climate at the North Pole from that of perpetual spring to one of intense frigidity, in which all forms of plant and animal life perished.

Illustrated; Map of Kansas; Cloth; 261 Pages; Price, $1.00.

A Report of the Old Settlers' Meeting held at Bismarck Grove, Kansas, September 15–16, 1879.

This was a State gathering; indeed, it was more, for people who had lived in Kansas in the Territorial days came from all parts of the Union to attend it. The book is composed of the articles read and the addresses delivered by old settlers. Much of the written history of the State rests on these valuable annals. The work is recognized by writers everywhere as authority, and a valuable contribution to Kansas history.

The edition is almost exhausted; in a short time it will be impossible to obtain this work.

A Colorado Colonel, and Other Stories.

By W. C. CAMPBELL.

400 Pages; Illustrated; Full Cloth; $1.

In the longer story, "A Colorado Colonel," Mr. Campbell has drawn a number of interesting characters with rare skill, and has developed them in a manner as pleasing and artistic as any novelist who has ever written of Mountain, Gulch and Plain. We see the sudden acquisition of the immense riches possible in the Great West, and we behold the burden of them cast on shoulders used before only to the beggar's pack. But the greatest riches revealed to us by Mr. Campbell we behold in the purity of character developed in the children of his imagination.

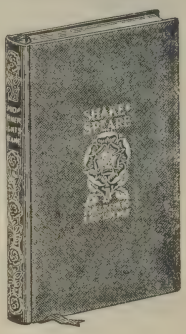
SHAKESPEARE'S WORKS. — "First Folio Edition."

Edited with Notes, Introductions, Glossaries, Lists of Variorum Readings, and Selected Criticisms, by CHARLOTTE PORTER and HELEN A. CLARKE, editors of the "Camberwell Browning." With photogravure frontispieces, rubricated title-pages, and covers designed by GOODHUE, typography and presswork by the DeVinne Press.



This edition goes back to, and reproduces, the famous First Folio text of 1623, the one which gives Shakespeare in the original spelling and punctuation. The text is thus freed from the editorial changes of three centuries, which, however, are indicated by abundant notes. The type is modern and is set and printed by DeVinne. This is the only reprinting of the First Folio obtainable in handy form.

The volumes will be sold separately, and will be issued rapidly. To be completed in 40 vols.; size, 4¼ × 6¼.

The first plays will appear in the following order:

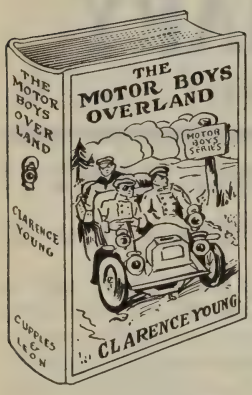
NEW BOOKS *for* BOYS

THE MOTOR BOYS SERIES

By CLARENCE YOUNG



IN "The Motor Boys Series" Mr. Clarence Young has, at a single bound, placed himself in the front rank of writers for boys and young men. This line of stories is clean, bright, up to date, and full of information as well as adventure. Any one perusing the first volume will want the other two as soon as possible.

Each volume handsomely illustrated, bound in cloth, stamped in colors.

Price per volume, 60 cents.

THE MOTOR BOYS;

or, Chums Through Thick and Thin

Illustrated, 12mo. Cloth, 60 cents

IN this volume are related how the three boys got together and planned to obtain a touring car and make a trip lasting through the summer. Each owned a motor cycle, and each had several adventures previous to the coming off of a great race in which all were interested. How the race was run is told with a vividness that could not be excelled.

THE MOTOR BOYS OVERLAND;

or, A Long Trip for Fun and Fortune

Illustrated, 12 mo. Cloth, 60 cents

WITH the money won at the great motor cycle race the three boys purchase their touring car and commence their travels. When in the West they hear of the opening up of a new gold diggings and resolve to visit the locality in their car. While in the mountains they encounter a terrific thunderstorm and the machine is disabled, leaving them two hundred miles from "nowhere." How they finally reached the gold diggings is full of interest.

THE MOTOR BOYS IN MEXICO;

or, The Secret of the Buried City

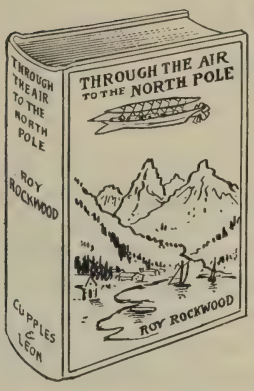
Illustrated, 12mo. Cloth, 60 cents

THIS tale is one of the strongest of the series. From our own country the scene is shifted to Mexico, where the motor boys journey in a quest of a city said to have been buried centuries ago by an earthquake. In moving over a deserted road there is an unexpected cave-in, and the city is found, but not in the manner anticipated. The adventures underground make reading no youth will care to miss.

A TALE OF MARVELLOUS ADVENTURES

THROUGH THE AIR TO THE NORTH POLE;

or, The Wonderful Cruise of the Electric Monarch



By ROY ROCKWOOD

Illustrated, 12mo. Cloth, 60 cents

SINCE the days of Jules Verne all readers, both young and old, have enjoyed tales of flying machines and submarine boats. The airship is fast becoming an actual thing, and in this story there is a degree of reality that is almost convincing. The tale abounds in adventures in the frozen north, and tells of fights with strange animals and with strange people. A volume sure to find a host of readers.

BOYS OF BUSINESS SERIES

By ALLEN CHAPMAN

ALLEN CHAPMAN is already favorably known to young people, and they are bound to hail this new series by him with immense satisfaction. The stories are bright and true to life, and make the best of reading for boys getting ready to enter business.

The YOUNG EXPRESS AGENT;

or, Bart Stirling's Road to Success

Illustrated, 12mo. Cloth, 60 cents

BART'S father was the express agent in a country town. When an explosion of fireworks rendered him unfit for work, the boy took it upon himself to run the express office. Another party was jealous of the lad and tried to make trouble for him, and when some goods were missing from the office the young express agent was very much worried. The tale gives a good idea of the express business in general.

TWO BOY PUBLISHERS;

or, From Typecase to Editor's Chair

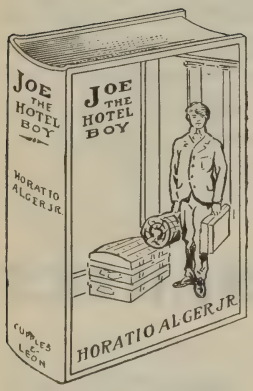
Illustrated, 12mo. Cloth, 60 cents

THIS tale will appeal strongly to all lads who wish to know how a newspaper is printed and published. The two boy publishers work their way up step by step, from a tiny printing office to the ownership of a town paper. There are some keen rivalries in the town, which make the story a lively one from beginning to end.

A NEW ALGER BOOK

JOE, THE HOTEL BOY;

or, Winning Out by Pluck



By **HORATIO ALGER, Jr.**

Illustrated. 12mo. Cloth, 60 cents

THIS is one of the last stories penned by that prince of all juvenile writers, Horatio Alger, Jr., and is one of his best. It describes the adventures of a youth brought up in the country by an old hermit. When the hermit dies the boy obtains work at a nearby hotel and later on, drifts to the city and obtains a position in another hotel. There is a mystery concerning the lad's identity and likewise the disappearance of a certain blue box, but in the end all terminates satisfactorily.

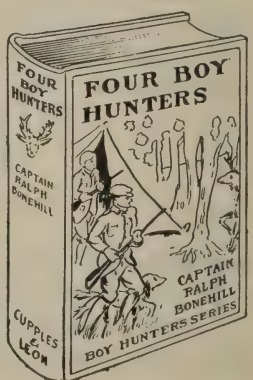
THE BOY HUNTERS SERIES

FOUR BOY HUNTERS;

or, The Outing of the Gun Club

By **CAPTAIN RALPH BONEHILL**

Illustrated. 12mo. Cloth, 60 cents



A FINE, breezy story of the woods and waters, of adventures in search of game, and of great times around the camp-fire, told in Captain Bonehill's best style. In the book are given full directions for camping out, what to take along, how to hunt both big and little game, and the like. It carries with it an out-door flavor that will prove appetizing to both young and old.

A New Book of Romance and Humor

CUPID'S MIDDLEMAN

A Love Mystery with some fire in it

By EDWARD B. LENT

***Author of* "BEING DONE GOOD"**

Cloth 12mo. Illustrated, $1.50

Mr. Lent's original style, his odd characterizations and his homely touch of satire, or sly suggestion, sustain the interest line by line. It was this style peculiar to Mr. Lent which made his account of his experiences with his twenty-five doctors in "Being Done Good," such delightful reading.

He sees the absurd, and turns it over for our contemplation, poking among the dry-as-dust affairs of life with a bit of satire, wit or humor, that starts the flow of hearty laughter.

It is this manner of telling the story, descriptive of the theory and practice of love, and of the absurd situations which arose when Cupid's business was transacted through a middleman, that brings the verdict, "A mighty entertaining book, all right."

An Unique Book

BEING DONE GOOD

By EDWARD B. LENT

Cloth 12mo. Illustrated, $1.50

An amusing account of a Rheumatic's experiences with Doctors and Specialists who promised to do him good

PRESS COMMENTS

It is time for a new humorist * * * and he may be gladly welcomed in the person of one who, while his body may be rheumatic, has a wit that is almost ecstatic.—*Everybody's Magazine.*

Perhaps the most effective cure for the blues that has been published since Rabelais—because you simply roll over and howl with every turn of its novel humor. * * * There has been written nothing more entertaining in many and many a year.—Brooklyn *Standard-Union.*

It will be read with amusement by the medical faculty. * * * It is sunny, original and philosophic, and discusses all known cures in a comical manner worthy of Mark Twain.—Rochester *Democrat and Chronicle.*

After reading it you almost wish that more of our writers had rheumatism. * * * There are, perhaps, a million sufferers from rheumatism in these United States—and they all ought to read it. From beginning to end it is an unbroken series of cachinnations.—St. Louis *Republic.*

It is of striking originality. * * * The author lampoons the medical profession, regular and irregular, and scientists, Christian and un-Christian * * * with cheerfulness and without malice. —Boston *Herald.*

The work will bring a genuine ray of sunshine not only to the sick-room but to every household wherein it is read. * * * The fun is not marred by any unkindness or bitterness—even toward the downright quacks.—Philadelphia *Record.*

Whether you have had the rheumatism or not, you will enjoy reading this story of a man who has —Pittsburg *Times.*

NEW PLAYS

MULDOON AND THE NIGGER; or, White and Black. 15 cents. A dialect vaudeville Sketch for two males, by H. E. SHELLAND. Muldoon, an Irish stage-manager, meets very suddenly Johnson, a darkey, whom he wished to engage as an actor in a Mephistopheles drama. After a lot of funny characteristic talk, they rehearse Johnson's part. After some ridiculous attempts at highfalutin tragedy, partly in very blank verse, Johnson collapses. They close with a song.

OAK FARM. 25 cents. A Comedy Drama in 3 acts and 1 interior scene, by ANTHONY E. WILLS. 7 male, 4 female characters. Time, 2½ hours. Silas Weatherby, owner of "Oak Farm," near a New Hampshire village, mortgages his farm to Jonathan Prune, to enable his son Donald to go to college. Three years later the mortgage falls due. Silas has had losses, and cannot pay. Donald goes West, and is now rich. Donald's letters have been withheld by Prune. At a critical moment Donald returns. Prune's villainy is exposed, and Oak Farm is saved. Spudge, the schoolmaster, and Meredith, the doctor, are after Cynthia and her money, with funny and effective scenes. The whole action of the play is bright and full of absorbing interest, with a thrilling climax.

WANTED, A MAHATMA. 15 cents. A comic sketch in 1 act, for 4 male characters, by GORDON V. MAY. 1 interior scene. Professor Astralile, a fortune-teller, is in bad luck. Squire Babcock offers him a hundred dollars for a Mahatma. His friend, Frisby, an adventurer, disguises himself as a Mahatma. Squire puts his wallet on table. The temptation is too much for Frisby, who grabs the wallet. A struggle—the disguise falls off. Exposure and escape.

A WHITE SHAWL. 15 cents. A Farce-Comedy in 2 acts and 1 interior scene, by C. LEONA DALRYMPLE. 3 male, 3 female characters. Costumes, modern. Time, 1½ hours. A cleverly arranged "Comedy of Errors," in which an elderly doctor's attempts at wooing a young girl already engaged—an old maid's efforts to secure a mate—and the strategy of two young men to defeat the doctor's aims, whereby they get themselves into an awkward scrape– all result in getting things tangled up in the most ludicrous manner. Woman's wit and a white shawl set matters right at last.

A COUNT OF NO ACCOUNT. 25 cents. A Farce Comedy in 3 acts, by ANTHONY E. WILLS. 9 male, 4 female characters. Time, 2½ hours. Johann Kramer, of the "Lion Inn," Catskill Mountains, advertises the Count Nogoodio of Paris as sojourner at hotel. Two New Yorkers, partners in business, on the verge of ruin, and each having an attractive daughter, try to catch the Count for a son-in-law. The Count has not arrived, Kramer hires Weary, a tramp, to personate him. Weary makes trouble all the time. The Count arrives. Weary has him arrested as his insane valet. Count escapes; is taken for a ghost. At last matters are set right in an astonishing climax. A bright French waitress, a middle-aged widow and her brother, a peevish hypochondriac, add greatly to the absurd situations and surprises.

WHEN A MAN'S SINGLE. 25 cents. A rural Society Comedy in 3 acts, by ELEANOR MAUD CRANE. 4 male and 4 female characters. Modern costumes. 2 interior scenes and 1 exterior scene. Time, 2 hours. Mrs. Briscoe, a rich New Yorker, with her two sons and daughter, visit Jim Horton's farm. His niece, Eleanor, is an heiress. Paul Briscoe, ruinously in debt, resolves to win Eleanor and her money; he mistakes the Irish maid, Norah, for her mistress, but soon learns his error. Eleanor visits the Briscoes at Newport. Paul by strategy wins her consent. Mrs. Briscoe hears of Jim's sudden wealth and forces herself on him. Later, Jim's wealth proves to be not his, but Peter Adams's, his country neighbor. Things get badly mixed up, but by the artless blunders of Norah are finally and satisfactorily settled. The action compels absorbing interest throughout the comedy, and the climax is strongly dramatic. "When a Man's Single, Oh, then!"

†Lion and the Mouse (The)

By CHARLES KLEIN

A Story of American Life Novelized from the Play

By ARTHUR HORNBLOW

A stirring human story of a woman's fight to save the honor of her father, a Judge of the Supreme Court, from the unclean clutches of the giant Trusts. Given first to the public in the form of a play, this remarkable work has attracted widespread attention both in England and America. A more exciting and fascinating novel has not been written for years. On the stage its success has already been phenomenal and next season no fewer than four dramatic companies will be presenting it all over the United States.

†Story of Paul Jones (The)

By ALFRED HENRY LEWIS

Thousands and tens of thousands should welcome this charming historical romance. It is a great story of the fortunes of the intrepid sailor whose remains are now in America. A story that should find a place in every library, for it is the best book Mr. Lewis has yet produced. It has a grip and a fascination which will last long after the reader has emerged from its delightful spell.

†Bottom of the Well (The)

By FREDERICK UPHAM ADAMS

Author of "John Burt," "The Kidnapped Millionaires," "John Henry Smith," etc.

When you have laid this book aside in the early hour of some morning you will not upbraid Mr. Adams that he has been the cause of losing to you a part of your accustomed sleep. You will agree with all the great critics who declare that "The Bottom of the Well" is a fascinating refutation of the conventional declaration that there is nothing new in fiction; yet the opening chapters are somewhat similar and have the same charm which lured them on in Robert Louis Stevenson's "Treasure Island." "The Bottom of the Well" stands within the firing line of acclaimed literary greatness.

Those who like their fiction well spiced with stirring and surprising incident will appreciate this remarkable story, for it is crammed with excitement from start to finish, and is recommended to those who like a story which travels at a whirling pace.

By MRS. GEORGE SHELDON DOWNS

Author of "Katherine's Sheaves."

Judged as a story pure and simple, "Step by Step" is altogether delightful. But it is not merely a charming piece of fiction. Ethical in its nature, the underlying thought shows throughout the lofty purpose and high ideals of the author and exhales a wholesome atmosphere, while the element of romance pervading it is both elevated and enriched by its purity and simplicity.

† Below the Dead Line

By SCOTT CAMPBELL

When Inspector Byrnes commanded the New York Police Force he found it necessary to issue an order calling for the instant arrest of every crook found day or night in that part of the metropolis lying south of Fulton Street. This stringent order quickly gained for the district the title, "Below the Dead Line," at least in police circles. As the lower part of the city contains Wall and Broad Streets, and Maiden Lane, where the great diamond houses are located, various efforts were made by the "underworld" to evade the order. For several years a number of crooks, headed by an unknown but extremely clever criminal, succeeded in operating in the district despite the police, and it is to chronicle their doings and their ultimate capture that Mr. Scott Campbell has written this interesting series of stories.

† Traffic

THE STORY OF A FAITHFUL WOMAN

By E. TEMPLE THURSTON

Author of "The Apple of Eden."

Do you want to meet a character that will hold your sympathies spellbound? Do you want to come face to face with some of the knotty, searching problems of our modern life? The reader will find all this in "Traffic" one of the biggest and most compelling stories of the past decade. Throughout Nanno Troy's life problem is interwoven that question which is to-day of such absorbing interest: the attitude of the Church toward divorce. In no work of modern fiction is this attitude and its tendencies more graphically portrayed.

** Party Leaders of the Time

By CHARLES WILLIS THOMPSON

The book deals with the most interesting personalities of what may be called the Roosevelt period of American history. In the chapters on "The Rulers of the Senate," "The House Machine," and "The Aristocracy of the House," there is a vivid portraying of the "inside" at Washington and of the way legislation is actually produced. The book is absolutely non-partisan and the writer has done his work without fear or favor.

†Extra Dry

BEING FURTHER ADVENTURES OF THE WATER WAGON

By BERT LESTON TAYLOR and W. C. GIBSON

Authors of "The Log of the Water Wagon"

In *Extra Dry* the literary plumbers have again donned their overalls, rolled up their sleeves, and hammered out a prime job of ragtime plumbing. The adventures of the thirst-maddened castaways are portrayed in a manner to bring a lump to the throat of a New York cabman. In addition to this tongue-warping narrative the book is interspersed with foolish and fantastic features and acrobatic feats of fancy calculated to make the reader sit up and take notice.

The homely old philosopher, with her rugged sense, her quick wit, her unfailing humor, and her lively faculty of observation, will make her old friends more steadfast than ever and gain a host of new ones, by her latest adventures. It is a rare privilege to read a book which combines so happily the qualities of being both amusing and wholesome."—*Albany Times-Union.*

Allan Pinkerton's Works

"The mental characteristics of Allan Pinkerton were judgment as to facts, knowledge of men, the ability to concentrate his faculties on one subject, and the persistent power of will. A mysterious problem of crime, against which his life was devoted, presented to his thought, was solved almost in an instant, and seemingly by his intuitions. With half-closed eyes he saw the scene in which the wrong was done, read every movement of the criminals, and reached invariably the correct conclusion as to their conduct and guilt."

†Middle Wall (The)

By EDWARD MARSHALL

Author of "The Rough Riders," "Lizzette," etc.

From perils in a South African Mining Camp to a flight from the police in London to thrilling adventures on the sea; and from the sea to a startling, original and dramatic climax on Cape Cod; this story moves rapidly with close knit fabric of plot, clean cut and original delineations of distinctive and life-like characters, many thrilling passages, a little pathos, and enough love to flavor the whole pleasantly. The interest of the action, pitched high in the beginning, is held to a point of utmost tension throughout. (Published March, 1904.)

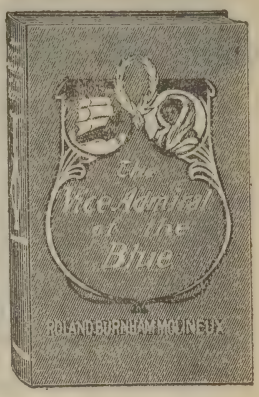
†The Vice-Admiral of the Blue



By
ROLAND BURNHAM MOLINEUX
Author of "The Room With the Little Door."

A historical romance dealing in a new and absorbing manner with the famous love affairs of Lord Nelson and Lady Hamilton. The story opens in Naples, and gives a graphic picture of court life in the gayest of monarchies, in the days immediately following the Battle of the Nile. The story carries the reader to Sicily, to London, where glimpses are had of the beau monde and the old time tavern life, and later to the extended country homes of the England of that time (Published September, 1903.)

Because of Power

By ELLA STRYKER MAPES

It is a novel attractively presenting the counterpoise of character and fate. Broad in conception and true in tone, the story is handled with distinct style. The spark of life glows on every page, the atmosphere is vital—electrified by the quickening currents of humanity.

HAMILTON W. MABIE says of it: "There is a great deal of vitality in it, an amount of passion that gives it color, movement and go, quite unusual in stories from the pen of American women." — Illustrations by LATIMER J. WILSON.

Size, 4½ x 7; pages, 94; binding, boards, .75
A complete dictionary of Latin, Greek, Hebrew, Italian, French, German, Spanish, English, and such other words, phrases, abbreviations, and signs as are to be found in the works of eminent composers. To which is added a treatise on playing the organ or piano by figures.

ALCHIN, C. A. — **Ear Training for Teacher and Pupil.**
Size, 5½ x 8¼; pages, 156; binding, cloth, $1.00
This work does not aim to take the place of a text-book on harmony, but is designed rather, through training the sense of hearing, to teach the pupil to think in tones, so that he may sing, name, write, and play what he hears; to harmonize melodies at sight, to improvise accompaniments, and to recognize and appreciate not only the melodic effects in music, but the harmonic and rhythmic as well. The book is the direct outcome of the author's practical experience in teaching.

ALDRICH, RICHARD. — **A Guide to Parsifal.**
Size, 4¾ x 7¼; pages, 96; 8 illustrations; binding, cloth, $1.00

ALDRICH, RICHARD. — **A Guide to the Ring of the Nibelung.**
Size, 4⅞ x 7⅛; pages, 148; binding, cloth, gilt, $1.25
This is by far the most readable and compact handbook upon Wagner's great trilogy which has yet appeared. To the happy faculty of treating his subject in concise and lucid fashion, Mr. Aldrich adds a charm of style which holds the reader's attention from cover to cover. His presentation of his material is logically planned and comprehensive, and the book is illustrated by reproductions in musical notation of all the leading motives or themes. The phraseology throughout is happily free from technical terms.

Size, 5¼ x 4¾; pages, 155; binding, cloth, **$1.00**

In an easy, unpretentious manner the author writes of Bach, Händel, Haydn, Mozart, Beethoven, Schubert, Mendelssohn, Schumann, and Wagner; their personal characteristics, their principal works, and their influence upon art.

This volume of *The Musicians Library* contains besides the eight songs by Wagner for a high voice, all the well-known arias allotted to the soprano in his earlier works, as well as a discriminating selection of the more lyric episodes from his later music-dramas. A total of 29 numbers has been made, many of which have never appeared in any previous collection, rendering this volume the most complete and comprehensive soprano album of Wagner's lyrics ever published. A fine portrait of the composer, and an interesting biographical and critical essay preface the work; while a complete chronological table, and a very full bibliography further enrich this remarkable volume.

ARMBRUSTER, CARL (Editor). **Wagner — Lyrics for Tenor.**

"A simple yet thorough set of exercises and examples in rudimentary harmony and ear training, to go hand in hand with the training of the fingers in piano playing. ELSON'S MUSIC DICTIONARY

By LOUIS C. ELSON

Professor of Theory of Music at the New England Conservatory of Music

Price, in cloth, post-paid, $1.00. Copies sent for examination

Ever since Tinctor, about 1475, wrote the first music dictionary there has been an endless succession of books dealing with musical definitions. This is but natural and proper since the musical art is constantly changing. A music dictionary, therefore, unless frequently revised, drops behind the times.

There are no obsolete terms in Elson's *Music Dictionary*. The work is modern in spirit, every necessary word is included, and the latest developments in the field of music have been drawn upon.

Such terms as "Pitch," "Sonata," "Temperament," "Turn," "Scale," "Organ," "Notation," "Form," "Key," etc., are explained at length. A half page is often given to a single word, and in some cases from one to three pages. On important subjects bibliographical references are given.

The work is also a Pronouncing Dictionary, not by a system of complicated markings and keys, but on the phonetic basis, the most practical plan for the average student. Phonetic spelling for all doubtful words is given. This applies also to composers' names, for examples: Dvořák = *Dvor*-zhak, Haydn = *High*-dn, Rachmaninoff = Rackh-*mahn*-nee-noff.

Besides the 289 dictionary pages are the following:—

Rules for Pronouncing Italian, German, and French.

A list of Popular Errors and Doubtful Terms in music.

A list of Prominent Foreign Composers, Artists, etc., with their chief works, the pronunciation of their names, and the date of their birth and death.

A short Vocabulary of English Musical Terms with their Italian Equivalents.

The book contains 318 pages, serviceably bound in cloth.

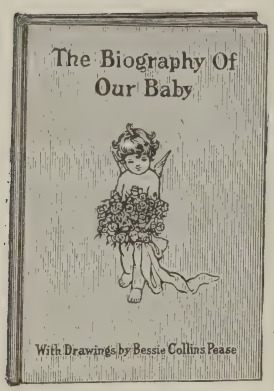
BIOGRAPHY OF OUR BABY, THE. Verses by EDMUND VANCE COOKE and Illustrations by BESSIE COLLINS PEASE



Of all the books made for keeping a record of the life of a baby this is certainly the most beautiful. One readily falls in love with the beautiful baby pictures, so irresistible in their sweetness, with which Miss Pease has decorated the pages.

Edmund Vance Cooke's fascinating verses add much to the interest of the volume:

"The wee, wet kiss against my lips,
The warm head in its shoulder nest.
The little legs across my chest,
The froward little finger tips;
. . . . .
Choose as you will! My choice is best;
The little life across my breast."

If you know anyone who has a child you will bring much happiness to them by sending a copy of this book.

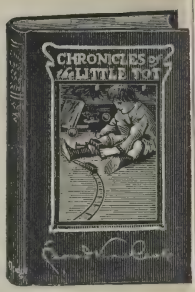
COOKE, EDMUND VANCE — CHRONICLES OF THE LITTLE TOT



Mr. Cooke needs no introduction to the American Public—much of his child-verse under the title "Chronicles of the Little Tot," appeared in the *Saturday Evening Post* and created probably more interest than any other poems that paper has printed. His verses have humor, deep philosophy, and pathos. His child-poems show a deep insight and thorough understanding of child-life and character.

Leigh Mitchell Hodges says:

"Of all the present-day verse with which I'm familiar—and I have read a ream or two—I cannot recall five poems that approach these (the last five in the book), and I am quite content to wrap "The Little Boy who Left Us" in the lavender love, and lay it away with the "The Dandelion," "The Chambered Nautilus" and "Little Boy Blue"—my prime treasures—Americana. IT TOWERS ABOVE ADJECTIVES: IT PASSES WORDS IN ITS SURE JOURNEY TO THE HEART."

A well-known editor, writing in reference to one of the poems in this book, said:

"I have never reprinted anything during all my public experience that gave me greater satisfaction. I was touched beyond expression by the beauty of the poem. It says with perfect expression, and a proper repression, so that all mere sentimentality is perfectly eliminated—something that, as far as we know, never has been said, but that has certainly been waiting to be said since the first little child to go into the other world went alone on its journey. *I know of nothing better in American literature, and I have never said this before to any writer.*"

Few, if any, of the recent poets have attracted so much attention as Edmund Vance Cooke. "His poems," says the *New York Sun,* "are full of cleverness." "Mr. Cooke is little less than a wonder."—*Daily Mail Tribune.* "Mr. Cooke is a poet of no mean genius."—*Utica Observer.* "There is something in him of Riley, something of Field; nor is there lacking the keenness of Twain, yet, unlike them all, he is the original Cooke, the cordial and genial poet."—*Free Press.*

GOLDEN TREASURY OF IRISH SONGS AND LYRICS.

Edited with Notes by CHARLES WELSH

This anthology presents the best examples of Irish Songs and Lyrics from the earliest Bardic literature, the folk songs, street ballads and patriotic poetry; the pathetic romantic and sentimental poetry; the humorous and convivial verse with which the Irish literature abounds, and the refined, tender and mystical spirit which breathes in the poetry of the Irish Renaissance of to-day.

In compiling this collection the editor has had the advantage of the critical judgment of some of the foremost Irish scholars and poets, among whom may be mentioned Dr. Douglas Hyde, Stephen Lucine Gywnn, Lady Gregory, D. J. O'Donoghue, as well as the best English scholars on this side of the Atlantic, including Professor F. N. Robinson, who occupies the Celtic chair at Harvard University; Dr. Maurice F. Egan, of the Catholic University, in Washington; S. R. Richardson.

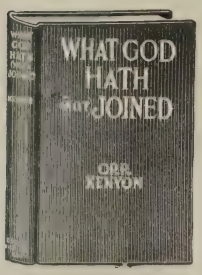
KENYON, ORR—WHAT GOD HATH (NOT) JOINED.



This book is one of the strongest in recent years, touching as it does on a subject of vital interest to every family in the land, namely, the subject of divorce and re-marriage. At the present time the press, both religious and secular, is teeming with articles on the subject of divorce. Public interest is keenly awake and all of the people feel the necessity for some reform. The actions of the Episcopal General Convention, Presbyterian General Assembly, M. E. General Conference, and other church bodies show the deep feeling on the divorce question. Many ministers have refused to re-marry divorced couples. On what grounds do they base their refusal? Are they, or the church bodies and the public, right in the position they take from a moral, legal, and, most important of all, a Biblical standpoint? Judge Coons, one of the leading characters in "What God Hath Not Joined," answers the above questions in a remarkably clear style, combined with much quaint humor which will amuse and interest hundreds of people.

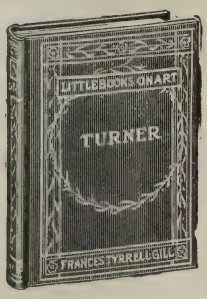
THE LITTLE BOOKS ON ART

This series forms an exquisitely artistic little library of art. Daintily bound, nicely printed and copiously illustrated they are practically indispensable to the art lover.



These books are monographs in miniature, containing the complete outline of the subject under treatment and rejecting the minute details, the controversy, and the elaborate criticism which might justly find a place in a long book.

The series is divided into two groups: (1) Books on general subjects, of which the treatment is, as far as possible, chronological. Reference is made only to what is typical and representative in the history of the art; (2) Books on individual arts, which combine biography with the history of the subject's artistic life, and the criticism of his chief works. Each of these books contain a dated and selected list of the chief works of the artist and a short bibliography. biography with the history of the subject's artistic life, and the criticism of his chief works. Each of these books contain a dated and selected list of the chief works of the artist and a short bibliography.

These books are produced with the greatest care. Their charm of form, their literary excellence, their many illustrations, and their low price have ensured their wide popularity. MOORE, AUBERTINE WOODWARD—FOR EVERY MUSIC LOVER

The Music Leader and Concert Goer says: "The volume bearing the above title is one of the best of its kind ever offered to the public. It is exceedingly comprehensive and covers a wide area of subject; and the subject is so deftly handled that there is positive pleasure in every line. Albertine Woodward Moore, the author, is thoroughly master of the situation musically, and knows whereof she writes, so that what she has to tell bears an authoritative stamp. The book is brimful of good things, technically, and theoretically it supplies a practical view of the value of music learning, and yet with it all the practicality is closely allied with the poetic and temperamental side of musical art. It has a style all its own; well written, the language chosen gracefully, yet absolutely unstilted, there is a charm about the volume which will recommend itself to every music lover."

OF ABSORBING INTEREST.

"One is absorbed with interest from the moment the eyes fall upon the opening sentence of the first chapter until the close. No library can well be without this addition to the literature of music."—*Wisconsin State Journal.*

MOORE, AUBERTINE WOODWARD—FOR MY MUSICAL FRIEND

WHAT ONE OF THE LEADING AUTHORITIES STATES

"The author, with rare clarity and admirable power of statement, covers a wide field. The piano and piano music is her objective, but she manages to touch on spiritual issues, the purest philosophy of life, and bring to her subject a large and varied experience, true sense of the noblest in art and life, with a sound, practical series of observations which prove Mrs. Moore to be a practitioner as well as a theorist. She is a brilliant and scholarly pianist. I have heard her play many times, and always with profit and pleasure."—*James Huneker,* in the *Musical Courier,* New York.

WHAT THE "DIAL" SAYS

"The knowledge of technique and mature judgment displayed in the volume

promises to bring to it the success enjoyed by the author's work published two years ago. Needless to say, Mrs. Moore is eminently fitted to treat her subject with authority."

"Aside from the literary value, wherein they excel in purity of English and roundness of expression, the books are pre-eminently worth while from the distinctly musical standpoint. Not only to the beginner are they of interest, but also to one who has already discovered the joy of musical culture. To the former they are an inspiration. To the latter, they appeal as a new and delightful friend, full of the suggestions arising from a deeper, truer culture."—*Woman's Civic Work.*

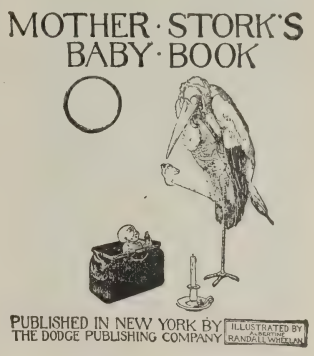
MOTHER STORK'S BABY BOOK. EUGENE FIELD AND OTHERS. Designed and Illustrated by ALBERTINE RANDALL WHEELAN



Where is the one who does not love a baby? These dear little dimpled cheeks, these wee wee feet and tiny hands, how they appeal to us all and touch a tender chord in our hearts! But Oh! how fast the little tots grow up, and how oft we long for something to call back to us, more sharply than can memory, the look of those bright eyes when first they knew us; the smile that framed those pretty lips; the first words uttered; and all the dear recollections of babyhood.

Mrs. Wheelan and Eugene Field have helped us much in this. With pen and ink Mrs. Wheelan has planned a volume of sketches of rare beauty and left many pages to be filled in by the happy mother and father. Then Eugene Field, that big-hearted lover of children, has given us many a poem to touch and charm our sympathies. It is a book every mother will treasure.

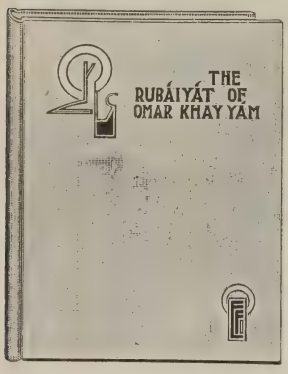
OMAR KHAYYAM. THE RUBAIYAT OF, ORIENTAL EDITION

Translated by Edward Fitzgerald, with photographic illustrations by Adelaide Hanscom, together with border designs and decorations.



This edition has been pronounced by critics to be one of the most remarkable examples of photographic art ever presented to the public and is certain to attract wide attention.

Miss Hanscom has had the assistance and advice of Dr. Orlow in arranging costumes. The following well-known poets and writers of the West are among those who have posed as models, lending much to the value of the work by their thoughtful interpretation of the veress: Joaquin Miller, George Wharton James, George Sterling, Professor Charles Keeler.

The *San Francisco Chronicle* says: "A new edition of the Rubaiyat of Omar Khayyam has appeared, illustrated with photogravures which are a revelation of the value of photographic art for illustrating books. The careful attention to the smallest details of Persian symbolism in the costumes and attitudes of the models and the manner in which the artists have caught the spirit of the whole poem are highly praiseworthy, and show a great amount of careful artistic work. The artists were greatly assisted by friends, who volunteered to pose as models for the photographs. Among the well-known persons who may be recognized are Joaquin Miller, George Wharton James, George Sterling and others. All of the border designs for the pages were also executed by Miss Hanscom. The photogravures are printed on Japan vellum paper. The work is one of the noteworthy holiday books of the season, and is worth the attention of any one who is looking for a gift that is out of the usual."

THOUGHT TRANSFERENCE

Since the foundation of the Society for Physical Research a great mass of material has been published on such subjects as Thought-Transference, Crystal Gazing, Ghosts, Mediumship, Physical Phenomena and other so-called "occult" manifestations. There have,—notwithstanding the great public interest in these subjects,—been but few attempts to sum up the evidence and make it available for the ordinary citizen who cannot find time to read the whole of the thirty volumes published by the Society. This new volume by Professor Thomas is of intense interest, dealing sympathetically with the evidence, and shows what any man without bias in either direction may regard as proved.

THE DODGE CLASSICS. Beautiful books for book lovers and their friends

The making of good books is truly a fine art. We have spent much time and money in the production of these little gems of artistic skill. Probably no series of books has been so widely copied as this one; but every imitator cheapened not only the price, but the quality. On the other hand, each year we have improved without raising the price. The bindings are the finest ooze goat skin obtainable, especially imported for our large trade. The title is stamped in gold. Linings are imported from France. Each volume boxed.

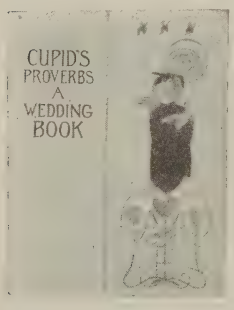
WHEELAN, ALBERTINE RANDALL—CUPID'S PROVERBS—A WEDDING BOOK

THE NEW YORK AMERICAN says:

"In no one work issued by this enterprising publishing house has there been a more happy combination of artistic perfection, illustrating and strengthening interesting text, than is to be found within the beautiful gold stamped white covers of "Cupid's Proverbs; a Wedding Book."



It is impossible to be too enthusiastic in praising the work of the artist, Albertine Randall Wheelan, whose sympathetic drawings illustrate so perfectly the point of each selected proverb, depicting each one in such a new and original manner that it arouses our admiration and awakens a desire to give voice to our sincere appreciation. This is, by long odds, the handsomest wedding book and the most complete one in existence."

It contains forty full-page drawings, with many features not contained in other books. Some of the pages are:

List of presents.
Congratulations.
List of guests.
Photographs.
Description of decorations.
First "at home".
Samples of the gowns.

In addition to the many pages for writing descriptions and recollections of the Wedding is a series of proverbs beautifully illustrated. It is the most complete wedding book made. Every bride should have one.

WORTHINGTON, ELIZABETH STRONG—HOW TO COOK HUSBANDS

Boston Beacon says: "Her accounts abound in wit that, like Benjamin Franklin's, calls forth a laugh for its fun, and at the same time conveys a sermon that sticks to the memory like a burr."

Success says: "One of the best books of the season."

Los Angeles Express says: "A delightful study of human nature."

Here are a few extracts from "How to Cook Husbands"—the best book for an engagement gift.

"Some women keep their husbands constantly in hot water. Others let them freeze by their carelessness and indifference. Some keep them in a stew by irritating ways and words. Others roast them. Some keep them in pickle all their lives."

"Now, it is not to be supposed that husbands will be good, managed in this way; turnips wouldn't, onions wouldn't, cabbage heads wouldn't, and husbands *won't*. But they are really delicious when properly treated."

"In selecting your husband you should not be guided by the silvery appearance, as in buying mackerel, or by the golden tint, as if you wanted salmon. Be sure to select him yourself, as tastes differ. And, by the way, don't go to market for him, as the best are always brought to your door."

Avary, Myrta Lockett — **Dixie After the War**

WITH AN INTRODUCTION BY GENERAL CLEMENT A. EVANS.

Size, 6 x 9¼; pages, 449; illustrations, 32, from old paintings and daguerrotypes and rare photographs; binding, cloth, decorated; uniform with "A Belle of the 50's" . net, $2.75**

This book may be called a revelation. It portrays the Southern situation just after the war with the camera's vividness. The race problem is handled boldly and sanely. The author's truth is as thrilling as romance. Her book is the kind of history a witness gives, her facts and incidents having been received chiefly at first hand. Earlier chapters describing the burning of Columbia, occupation of Richmond, Mr. Lincoln's visit, Mr. Davis' journeyings and imprisonment, the arrest of Vice-President Stephens and effort to capture General Toombs claim more than sectional interest; those picturing effects of the sudden, wholesale emancipation of a race and the attempts to give it dominion command world-wide attention from a human, ethnological and political standpoint. "If I could buy but one book about the South after the war," said a Northern reader, "it would be this. I was in the South during reconstruction, and I know this book is true."

Size, 5 x 7½; pages, about 250; binding, cloth . . . . . $1 00†

"Crumbs and His Times" is an intimate philosophy of childhood and motherhood, and it is told with all the brilliancy of a facile pen. It covers the first seven years of a child's life, and while being in no sense theoretical, it outlines a genial philosophy to which reflective men and women will respond. The problems that confront a devoted mother upon whom has fallen the entire responsibility of her boy are presented with a tremendous human appeal.

Old New England Churches

Size, 7½ x 10; pages, about 250; binding, cloth, decorated; elaborately illustrated from photographs . . . . . net, $3.75**

There could be no subject more closely interwoven with our history, personal and public, than this. Mrs. Bacon tells of the famous events associated with about forty of the best-known churches of New England; some of the great preachers who occupied these pulpits; the prominent families and individuals who helped to make them what they are. Simple enough architecturally are many of these quiet buildings, but the wealth of associations gives them an interest to Americans far greater than the most aspiring English or Continental cathedrals.

Mrs. Bacon combines the literary gift with musical perception to a marked degree, and she has made here a book, in a most successful series, which should become a young people's classic. A special feature is the national songs of various countries which have never before been all grouped together in English translations.

Barron, Leonard — **Lawns: How to Make and Maintain Them**

IN THE GARDEN LIBRARY, *which see*

Size, 5¼ x 8; pages, about 200; illustrated . . . . . net, $1.10**

Another of those really useful books which tell how to do things. Not a rhapsody on the beautiful features of lawn planting, but a book that deals with the digging and plowing of the lawn, the selection of site, seeding and turfing, and all the other intimate facts that in the aggregate mean a sward of refreshing green. For the first time the whole subject of lawn seed mixtures is set forth and explained. The photographic plates are practical "how to" pictures, inspiring and instructive.

Batcheller, Tryphosa Bates — **Glimpses of Italian Court Life**

Size, 7½ x 10½; pages, 492; illustrations, 4 color plates, 4 photogravures, 48 full-page half-tones; binding, cloth, elaborately decorated . . . . . net, $4.80**
Vellum *de Luxe* . . . . . [net, $10.00**

This volume will be a revelation to most readers, for in spite of the flood of books about Italy there has been nothing at all like it hitherto. It is a chronicle of the experiences and impressions of an American woman, well known as an amateur singer, who had very exceptional opportunities of studying the exclusive circles of modern Italian society. One meets all sorts of well-known people in these pages: the Royal family, His Holiness the Pope, to whom the author was presented, musicians, artists, leaders of society, and so on. The illustrations are unique, many of them being portraits of the foremost people of Italy presented to Mrs. Batcheller by themselves, snapshots of the fashionable Hunt, of private theatricals at the Marquise di Rudini's, and a host of other intimate personal pictorial documents. Besides its distinct interest and individuality, the volume is a sumptuous gift book.

Bierce, Ambrose — **The Cynic's Book**

Size, 5 x 7½; pages, about 300; binding, cloth . . . . . net, $1.00**

Mr. Bierce has been writing this dictionary for many years. It shows, all through, the depth and ripeness of thought that come only in the work over which an author has lingered lovingly and into which he has put his best, day after day, year after year. It is delightfully funny, full of flashes of wit and an abiding background of real humor, yet it never degenerates into cheapness, and there is a wealth of real philosophy and stimulating thought in the various definitions.

Blanchan, Neltje — **The American Flower Garden**

Size, 8¼ x 11¾; pages, about 500; illustrations, 16 in color and more than 100 in black and white, from photographs; binding, cloth, decorated; boxed . . . net, $10.00**

The author has for years had in mind the plan for a work which should do for this country what Robinson's "Flower Garden" does for England. The book is written *con amore*. Its enthusiasm is inspiring and its feeling is always for the best and most truly national American gardening traditions. It contains, of course, the necessary cultural instructions, but its value lies even more in

Blanchan, Neltje (Continued) **The American Flower Garden**

its suggestiveness and the clear way in which the writer presents the fundamental principles of what our gardens should be and how to make them so. In book-making the volume is truly sumptuous. It is the first adequate popular work on American gardening, by an author whose "Bird Neighbors" has circulated more widely than any similar work ever published.

PREFACE BY PROF. HENRY FAIRFIELD OSBORNE OF THE AMERICAN MUSEUM OF NATURAL HISTORY

Size, 5 x 8; pages, about 125; illustrations, 16; binding, cloth, decorated . . net, $1.20**

Mr. Borden has for many years had Arab horses in this country and he gives here for the first time a thorougly reliable volume on this much debated subject. The real merits of the Arab, his distinct differences (even on important anatomical variation) from other horses, and the true history of the pure blooded animals in America make a very interesting and valuable book.

Brainerd, Eleanor Hoyt (*In press*) **Bettina**

Size, 5 x 8¼; binding, buff cloth; illustrated by Will Grefé; pages, about 250 . . $1.50†

If a man is standing at the ferry and is suddenly greeted by a charming girl he has never met and told to run for the boat with her, is it fair to expect that he should sternly undeceive the young lady who has mistaken him for an unexpected chum of her brother's? Bettina maintained that not to do so was a sign of depravity, making thereby an exceedingly interesting situation for the alternately lucky and luckless chap whom she had thus carried off. Any reader of current fiction can imagine what a delightfully humorous tale Mrs. Brainerd's pen would make of such a plot.

Calendars, Nature

SERIES I. BIRD NEIGHBORS
SERIES II. WILD FLOWERS AND TREES

Size over all, 10 x 14; heavy green mounts, gold stamping, 12 color plates on each; price, each, $1.50

These are ideal calendars for the many thousands of nature lovers whose ranks are growing so rapidly. There is a colored plate of a bird, or flower, or tree suitable to the particular season, for each month in the year, together with a description of the species represented. Considered merely from the standpoint of beauty, it would be difficult to find any calendars so attractive, and the special appeal to outdoor people is very strong. Typically American, they are ideal remembrances to send to friends who are abroad.

Cotes, Sara Jeannette — **Set in Authority**

AUTHOR OF "A SOCIAL DEPARTURE," ETC.

Size, 5½ x 8¼; pages, about 350; binding, cloth, decorated . . . . . $1.50†

A dramatic novel that gives the outsider some new and startling ideas both of English life in India and of the social set which seem to dominate English policy in so many directions. The strength of the novel, however, lies even more in its human appeal; and its life-like picture of a strong man enmeshed in a web of circumstance needs no local or topical interest to make it absorbing.

Dillon, Mary — **The Leader**

Size, 5½ x 8¼; pages, about 350; binding, cloth, decorated; illustrated by . . . . $1.50†

Mrs. Dillon, the author of "In Old Bellaire" and "The Rose of Old St. Louis," has here left the field of historical romance for a more vivid and intensely interesting drama of political life of to-day. "The Political Idol" is a man of great personal magnetism and singular tenacity of purpose, who, though he leads the forlorn hope of his party in the face of overwhelming odds and meets with political death, yet secures his bride, in spite of social differences, as the climax of a series of essentially interesting incidents. The convention in St. Louis, which is the culmination of his career, reads like a page of real life.

Dooley, Sally M. — **Dem Good Ole Times**

Size, 7 x 10; pages, about 200; binding, cloth, decorated; 16 illustrations in color by Suzanne Gutherz and about 40 decorations by Cora E. Parker, boxed . net, $2.50**

The publishers believe there has not before been any volume which succeeds so well as this in giving the true charm of "befo' de wah" days in Virginia. It is the narrative of the old negro servitor who tells how his young "mistis" came to the big James River mansion as a bride, with all the slaves crowding forward to see her arrival, and of her life there amid her roses and old-fashioned flowers. To read the book is to comprehend the real relation between the old-time "quality" and their negro dependents. It is a most charming gift book, with pictures that express the Southern type of beauty more adequately than any other illustrator has managed to do.

Size, 6 x 9¼; pages, about 400; illustrations, 8 in color and 80 black and white; binding, cloth, decorated; uniform with "The Opening of Tibet" . . . . net, $3.80**

This book might almost be called a "Guide to the Pole," it shows so clearly what is necessary to accomplish this greatest of all exploring feats. It is the record of two years spent above the 81st Parallel by the second Ziegler Polar Expedition, and it is in many ways the most significant book on the subject since Nansen's. It is safe to say that, between the remarkable photographs and the author's vivid writing, nothing in print gives a reader a more real conception of what an arctic explorer's life means and what the conditions are which he has to overcome. Mr. Fiala's experiments with ponies in place of dogs are very suggestive, and his unassuming narrative of his experiences between November, 1903, when the *America* was crushed in the ice, and July, 1905, when the second relief expedition reached him, shows him to have the qualities of a born leader.

Garland, Hamlin — **Witch's Gold**

NEW, REWRITTEN AND ENLARGED EDITION OF "THE SPIRIT OF SWEETWATER"

Size, 5 x 8; pages, about 225; binding, cloth, decorated; illustrations, 3 full-page drawings by W. L. Taylor and decorations in color by H. A. Linnell . . . . $1.50†

"One spring day a young man of good mental furnishing and very slender purse walked over the shoulder of Mount Mogollon and down the trail to Gold Creek. He walked because the stage fare seemed too high. Two years and four months later he was pointed out to strangers by the people of Sweetwater Springs. 'That is Richard Clement, the sole owner of "The Witch," a mine valued at three millions of dollars.' This in itself was truly an epic."

With this beginning Mr. Garland ushers in the hero of this attractive story, the tale thereafter dealing chiefly with his moral development through love—an advance quite as striking as his financial ascent. The book in its shortened serial form has been one of the most permanently successful products of the author's pen, and he has now entirely rewritten it in the shape in which he first had it in mind—almost double the former size, and with the original title.

Hopkins, William John — **The Airship Dragonfly**

Size, 5¾ x 8¼; pages, about 350; illustrated by Ruth M. Hallock . . . . net, $1.25**

This book tells of the adventures of three children and an airship—quite the latest thing in airships—which breaks loose and goes soaring off into a thunder storm. They pick up a man who has been thrown off an ocean liner, and he fits surprisingly well into the story, which—well, we will not tell it here, but it has smugglers in it, gentlemanly smugglers, and a little boy and a lifelike dog, and two horses which are wonderful in their way, and an old Irish hostler, and a whale.

But the main thing is the airship—which runs away with the two boys and the girl for the second time; and, after causing them some adventures, it comes to an end—both the airship and the story—which is happy for all concerned except for the smugglers. You will want to read it or to give it to your boy or your girl.

Hulbert, Homer B., A.M., F.R.G.S. — **The Passing of Korea**

EDITOR OF "THE KOREA REVIEW," AUTHOR OF "THE HISTORY OF KOREA," "THE SEARCH OF A SIBERIAN KLONDIKE," ETC., ETC.

Size, 6 x 9½; pages, about 500; binding, cloth; about 50 remarkable photographs; uniform with "The Opening of Tibet" . . . . . net, $3.80**

A determined effort seems to have been put forth during the past year to make the people of America believe that Korea is so far beneath contempt that even the destruction of her nationality is a matter of no consequence. Mr. Hulbert, after twenty years of residence in Korea and of intimate acquaintance with men of all classes in that country, takes up this question and treats it not from the standpoint of the mere tourist, but of one who has been behind the scenes. He has studied the situation long and carefully and has given us something more than a casual impression. He throws a new and startling light on the whole Eastern problem —a problem in which every American is vitally interested, and he bids us pause in our adulation of Japan and contempt of Korea long enough to include in our general view some pertinent facts not heretofore disclosed. Mr. Hulbert is a special agent of the Emperor

Iles, George **The Inventors at Work**

WITH CHAPTERS ON DISCOVERY

Size, 6 x 9¼; pages, about 400; binding, cloth, decorated; illustrated . . net, $2.00**

This important work pictures great inventors in their workshops and laboratories. Bessemer tells in his own words the story of his steel process. Bell recites how he transmitted speech along a beam of light. The production of dynamite by Nobel, of the incandescent gas mantle by Von Welsbach are recounted, as well as the supreme discoveries of all time; the discovery of gravitation by Newton, of magneto-electricity by Faraday. Throughout the book Principles will be brought into clear relief; first, those underlying Form as conferring strength, ensuring efficiency of tools and machines, minimizing the resistances of ships. Properties next have attention, as fitting one substance for food, another for raiment, a third for shelter. Measurement is next taken up, and its new instruments of astonishing refinement are described. Measurers of space and time, of light, heat and electricity are depicted, and their uses outlined. Nature as Teacher is next in order. It is shown that often the devices of art have had their originals in nature, and that in future inventors will probably copy nature of set purpose with more and more of success. The qualifications for invention and discovery now come into view. First knowledge, with its weighty debt to researches of disinterested type; second, ability in Observation, in seeing what others have not seen at all or have seen inaccurately; third, facility in Experiment, in putting questions to nature under new and unveiling circumstances; fourth, sagacity in framing theories as guides to both observation and experiment, any theory, however, being cast aside when proved to be unsound and untrustworthy. Upon this follows a survey of some recent advances in applied science; in the uses of compressed air, of reinforced concrete, together with the latest steps in power-production and the economy of fuel. A word is added as to the group attack by organized investigators upon the problem of light-production and of the utilization of electricity.

kind of story. Two imaginative children, Dan and Una, unwittingly call up Puck himself by acting "Midsummer Night's Dream" "on Midsummer's Eve, in the middle of a Ring and under one of my oldest Hills in Old England." By his magic he makes them see and hear the events of long ago, "though it shall have happened three thousand years." Anyone can imagine what this situation produces in the hands of the man who wrote "The Finest Story in the World," for instance. The reader sees pass before him knights and robbers and pirates in some of the most exciting events in old English history. A more fascinating book, especially for young readers, would be hard to imagine.

To many people this unique story is among Mr. Kipling's greatest achievements. Its semi-mystic feeling, its searching appeal to the deepest in the human heart, its exquisite description of the ancient Elizabethan estate, with its clipped yews and its mysterious occupant—all these characteristics and many more were discussed when the tale appeared to an extent probably never equalled by any short story of recent times. This edition was prepared under the author's special supervision, and the illustrations add much of reality for those who have never seen the English west country.

Lee, Marian **Confessions to a Heathen Idol**
Size, 5¼ x 8¼; pages, about 350; illustrated photographically; binding, cloth, decorated $1.50†

A woman of wide social experience, broad sympathies and wholesome views of life has written with delightful humor of her observations and experiences, under the guise of nightly confessions to a little teak-wood idol ensconsed above her desk. The result is a volume of clever conversation, epigrammatic comment and of sane and sagacious philosophy braided together with the triple strands of a sweet and charming love story. The scene is laid in an inland college town; the characters are cleverly drawn and are people whom one is glad to meet, the most delightful of them all being the mother-in-law. While not a problem novel, the heroine being very human has problems of her own, which are most satisfactorily worked out in this story of her forty-first year.

Michelson, Miriam **Anthony Overman**

Size, 5½ x 8; pages, about 350; illustrated; binding, cloth, decorated . . . . $1.50†

Miss Michelson has chosen for her second novel a very different field from that of "In the Bishop's Carriage." This book, however, shows the same keen feeling for character and a dramatic situation, and it displays to the full her knowledge of San Francisco and its neighborhood. The story deals with the love of an idealistic dreamer, searching at first after the Truth in new religions, for a girl in many ways his antithesis—keen, alert, self-reliant, abreast of the times. It is a most human and appealing tale, with a large grasp of the essential verities of life and character.

"Nesbit, E." **The Incomplete Amorist**

Size, 5½ x 8¼; pages, about 350; illustrated; binding, cloth . . . . . $1.50†

Mrs. Bland has been known chiefly as the author of charming books on child life, like "The Wouldbegoods," but this is a powerful story which must put her among the leading women novelists of the day. It deals with the complicated events which followed Eustace Vernon's realization that he, a past master in the "art of love," had succumbed at last to a real passion. There has been no story in years so full of romantic feeling in the most modern setting; and the scenes of artistic and social life in Paris are full of color, zest, and the joy of living.

This little Christ story is one of the most perfect things ever written by the man whom many leading critics thought liable to become our greatest American novelist. It is very short, but it is one of the real pieces of satisfying imagination and execution on the greatest of all themes, which is worthy of permanent preservation, irrespective of its size. We have undertaken, therefore, to give it a dress worthy of its literary quality and to meet the needs of the many thousand people who will want to present it to friends.

Richmond, Grace S.

The Second Violin

Size, 5¼ x 8; pages, about 300; illustrated; binding, cloth, decorated . . . . $1.50†

Mrs. Richmond had the same experience with this story as with her former very successful book: she wrote a short serial which was so popular that she had to supplement it with a continuation and then a sequel, and finally she received so many letters from all over the country asking to have the tale in book form, that she changed her original plan and made a book out of it. It has something of the flavor of Miss Alcott's perennial tales: a quiet but always absorbing account of the adventures of a family of young people temporarily orphaned because of their mother's illness and keeping up the home together. A more human, wholesome, satisfying story for girls would be difficult to find.

The Indifference of Juliet

Size, 5¼ x 8¼; pages, 307; illustrations, 8 full-page and decorations by Henry Hutt; binding, cloth, decorated . . . . . $1.50†

Scott, Leroy

The Highest Price

Size, 5¼ x 8¼; pages, about 350; binding, cloth, decorated . . . . . $1.50†

An innocent man takes upon himself the crime and pays the penalty of his dead friend's defalcation to save his friend's good name and to preserve the great good influence that he had had on others. After the self-sacrificing hero ends his service as a convict his struggle to reinstate himself is won at last—after many failures—by a woman's help. But he thus has occasion to test human kindness and human hardness. Vivid light is thrown by the story on the way of the world, the iron rule of conventionalities in financial, social and religious life. The story is relieved by characters and scenes of much humor and pathos. The Mayor of Avenue A, for example, is a new humorous creation in American fiction. It is a very vivid book of many-sided city life, stripped of drapery and pretense, full of human nature as human nature really is.

Sinclair, Upton (*Already published*) **The Jungle**

A NOVEL OF CHICAGO

Size, 5¼ x 8; pages, about 600; binding, cloth . . . . . $1.50†

This is a terrible book. It is the story of a Lithuanian family in Chicago's "Packingtown" and we believe there has been no such overwhelmingly realistic novel of American life hitherto. But it is more than this; it is a blazing indictment of existing conditions, which no American can read without experiencing a desire to do something and do it quick. It is not the book to entertain or amuse you; it is not a book for boys or girls; it is a book which many readers will say is too horrible. Yet we were so convinced that it would make a profound impression and would have an enormous sale that we *employed an able lawyer to go to Chicago and investigate "Packingtown" conditions that we might be sure we could in fairness publish the novel.*

Jack London declares it is "the 'Uncle Tom's Cabin' of wage slavery." David Graham Phillips calls it "the greatest novel written in America in fifty years." And there are many other comments equally significant.

Watson, James **The Dog Book**

I. TO VIII. ALREADY PUBLISHED. IX. AND X. READY BY JUNE.

Size, 7½ x 10; illustrations, 810; to be in ten parts, each of about 80 pages; price, per part, bound in heavy paper . . . . . subscription, $1.10
Complete, cloth . . . . . subscription, $12.00
Complete, one-half leather . . . . . subscription, $16.00

Mr. Watson has been a dog breeder and student for thirty or forty years, both here and in England. This long experience, both as a judge at shows and as a practical fancier, has been supplemented by exhaustive research; in consequence, his book is really the first adequate treatment of the dog in America. It is full of practical information as to buying and breeding dogs, their care, diseases, and the like. Then each separate breed is taken up and described at length; how it originated, what its special qualities are, the points of a perfect specimen, and its value. The tremendous increase of interest in dogs and canine matters during recent years is well shown by the number and prosperity of the Kennel Associations, and this work will, beyond question, be the standard on the subject. It is the only volume here or in England in which the possibilities of photographic illustrations for dog portraits and animals in motion have been made use of.

SUPPLEMENTARY

Seton, Ernest Thompson — **The Birch Bark Roll of the Seton Indians**

Size, 5¼ x 8¼; pages, 66; binding, imitation birch bark $0.25

This little volume contains the "constitution, laws, games and deeds" of the Seton Indian clubs started by Mr. Seton a year or so ago and now so widely spread over the country. It also gives the author's idea of starting these organizations. It's an inspiring and suggestive little manual for every healthy minded boy from Maine to California.

Washington, Letters and Recollections of George

BEING HIS CORRESPONDENCE WITH TOBIAS LEAR AND OTHERS, TOGETHER WITH A DIARY OF WASHINGTON'S LAST DAYS, KEPT BY MR. LEAR.

Size, 6 x 9¼; pages, about 350; binding, cloth, decorated; uniform with "Recollections and Letters of General Robert E. Lee"; illustrated with rare portraits, etc. . net $2.50**

These intimate letters to Washington's confidential secretary Tobias Lear, and to others, give one much new light upon the character of the First of Americans. They are full of information as to his property, farm, a home life during the years when he was President; indeed, the volume might almost be called "Washington as a Country Gentleman," so much does it give as to his mode of life at Mount Vernon, his methods of handling the servants and the like. Besides these letters, the volume contains Mr. Lear's diary of Washington's death, a really noble and affecting account. It is a worthy companion volume to the "Recollections and Letters of General Robert E. Lee."

The One Woman: A novel of modern socialism and divorce. $1.50.

The Life Worth Living: A confession of the author's ideal of life in a record of personal experiences. Net, $1.20. (Postage, 12c.)

These books consist of a number of specimen examination papers on each subject extending over a period of some years, and a large number of typical questions and answers covering every department of the work. "Concrete Blocks, the Manufacture of, and Their Uses in Building Construction." The two most important applications of concrete in building construction at the present day are, first, reinforced concrete, and second, concrete block construction. Concerning the first, a vast amount of literature is available, and the engineer desiring information finds technical periodicals and proceedings of engineering societies full of articles on reinforced concrete, while several excellent books are also available. Concerning the second, however, there has been an absolute dearth of literature, and at the same time there is a demand for information, which it is the object of the present book to supply. It is made up of a series of articles by different authors, being those submitted in competition for money prizes of $250 and $100 offered jointly by "Engineering News" and "Cement Age," of New York City. The two papers printed in full are those to whose authors the prizes were awarded; the abstracts that follow the second prize paper are those parts of the ten papers not awarded prizes that contained data not in the prize papers or that presented the same information in greater length or with more force. Altogether the papers and abstracts form a practical treatise on the manufacture of concrete blocks and their use in building construction that at present stands alone in the literature relating to cement and concrete. Cloth; 6 × 9 ins.; 125 pp.; illustrated (1906) 1.50

LEA, SAMUEL HILL, "Hydrographic Surveying." The work is especially intended for Engineering students and the younger members of the profession; but it is also particularly useful to those of larger experience, but not familiar with the minor details of this class of work. The author takes up his subject in a clear but simple form, using illustrations very freely. Complicated mathematical forms are avoided as being actually unsuited to the ordinary methods of field work. The various parts of the work take up the methods and appliances necessary for traverse and topographic surveys, for taking soundings, and reducing them, the office work necessary, and the measurement of dredged materials. The second part of the work is devoted to the measurement of stream-flow and the methods of field work. In this section especial attention is devoted to irrigation canals. The book is profusely illustrated with some ninety cuts. Table of Contents. Part I.—Hydrographic Surveying. Chapter 1.—Object, Outline Surveys, Traverse Surveys, Conduct of Survey, Topographic Survey, Other Methods, Calculating Capacity, Survey of Submerged Area. STAUFFER, DAVID McN., M. Am. Soc. C. E., M. Inst. C. E., Vice-Pres. Engineering News Publishing Co, "Modern Tunnel Practice." The practice of tunneling in many of its important features, has been radically changed within a comparatively short period by the introduction of high explosives, by the use of machine drills and by special appliances for handling the debris or protecting the roof of the tunnel, and by the employment of electric power and light. As a consequence of these innovations, much that was useful to the engineer and to the contractor in the older works upon tunneling is now out of date; and with this in view, the present work has been compiled. As to methods to be pursued, each piece of tunnel work is practically a problem calling for individual solution. No broad rules can be laid down which will cover all possible conditions, though some general principles for guidance can be formulated. In the arrangement of this work, therefore, an especial effort has been made to present modern practice in tunneling under as many varying conditions as possible; and to clearly and concisely describe the methods actually adopted in carrying on the work under certain controlling conditions. The material used is very largely taken from the detailed descriptions of modern tunnel work as they are found in the pages of technical journals and in the Proceedings of Engineering societies, supplementing this by the personal experience of engineers and contractors who do not usually make a formal record of this experience. Illustration is very freely employed, because it frequently tells more than can be expressed in the text alone, and in every case the description of any especial method is prefaced by a brief statement of the physical conditions which called for some particular treatment. It is believed that the examples selected cover a wide range of practice. As only typical modern cases have been cited, no attempt has been made to include every important tunnel. The field is too wide to be intelligently covered in any one book. The instrumental work, or surveying, connected with tunneling, differs very little from that common to all larger public works; and as many special text-books are devoted solely to the use and care of engineering instruments, what is said upon that subject is intended simply as a general statement of the processes involved and of their sequence. The composition, nature and use of modern explosives have been treated at considerable length; but here again, much has been left out that was considered as having little or no useful bearing upon modern practice in tunnel building. CHAPTER HEADS: Tunnel Location and Surveying; Explosives; Blasting; Notes on Shaft Sinking; Principles of Tunnel Timbering and Driving; Tunnel Arch Centers; Subaqueous Tunnels and Tunnel Shields; Subways, or Underground Railways; Special Tunnel Building Plant; Some Data upon the Cost of Tunneling; Ventilation of Tunnels; Air-Locks; Tunnel Notes; Construction of the Simplon Tunnel; Water-Works Tunnel in Cincinnati, O.; Telephone and Freight Transportation Tunnels in Chicago. THOMSON, W. CHASE, "Bridge and Struc-tural Design." This book has been developed from lectures given by the author during the past five years, the object of which has been to teach the elements of bridge and structural design in a simple and practical manner. Arts. 1 to 14, inclusive, treat of the general principles of design, and are illustrated by numerous examples; while the remaining articles are examples of typical structures, in which the stresses are analyzed, the members proportioned, and the details carefully worked out. Both analytical and graphical methods have been employed for obtaining stresses, and the one which seemed best suited for any particular subject has been adopted. But few tables are given, as it was thought unnecessary to repeat information given in any of the rolling mills' hand-books. Although the book has been written primarily for students and draftsmen, it will be found a very useful adjunct to the library of every practicing bridge designer. Particular attention is drawn to Art. 17, which treats of the design of a knee-braced mill building; and to Art. 20, which discusses the rivet spacing and web splices in plate girders, in which one-eighth of the web plate is counted on as flange area. Contents: Definitions; The Composition and Resolution of Forces; Examples in Graphical Statics; The Lever and Moments; Shearing and Bending Stresses in Beams; Moment of Resistance; Moment of Inertia; Radius of Gyration; Formulæ Relating to Beams; Examples in the Computation of Properties of Simple and Compound Sections; Examples Illustrating the Method of Determining the Sizes of Beams; Columns and Struts; Examples Illustrating Method of Designing Columns and Struts; Rivets and Rivetting; The Complete Design of a Roof Truss for Building with Masonry or Brick Walls Capable of Withstanding Wind Pressure; Roof Trusses Supported by Steel Columns; The Design of a

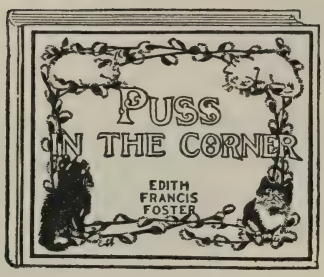
Rebus Books for Little Folks



This series of rebus books for children, the first volume of which, "What Did the Black Cat Do?" made such an unusual success, continues to hold its popularity. The idea of the series is unique. Each of the little books possesses the attractions of a story, game, picture-book, and puzzle, all in one. The short narratives are related by means of words and rebus illustrations, which alternate cleverly on the page and attract and please the eye of the child, as well as impart valuable information. The charming little pictures are numerous and extremely well drawn. They form a delightful commentary on the text, and aid mother or governess in teaching the little ones to read. The stories themselves deal with pet animals in their relation to children, and inculcate lessons of kindness and gentleness to the brute creation. This series constitutes a very original idea worked out with most painstaking care. Its mechanical make-up has a special view to the needs and preferences of a young child, the book being an oblong quarto, securely bound, and printed on heavy paper.

Mr. Otis's many years' experience as a newspaper man in Boston and New York has given him a remarkable insight into the lives and characters of the street waifs of whom he writes. The stories are fresh, clean, and wholesome, and cannot fail to be eagerly read by all children.

Three Historical Juveniles

By JAMES OTIS

No one will dispute Mr. Otis's position as a writer of the historical juvenile. His accuracy and ability to state dry facts and historical truths in the most fascinating and interesting manner is unequalled.

It is sufficient to say that the three following stories are among his best.

The Boys of '98.

A splendid history of the Spanish-American War from the beginning to the end.

Illustrated with 63 full-page half-tone plates from photographs and drawings by Frank T. Merrill and J. Steeple Davis. Octavo, cloth. **$1.50**

Fighting for the Empire.

The Minute Boys Series

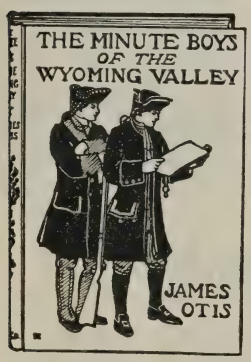
This series of books for boys, written by Edward Stratemeyer and James Otis and illustrated by J. W. Kennedy and A. Burnham Shute, needs no recommendation. We venture to say that there are few boys of any age in this broad land who do not know and love both these authors and their stirring tales. These books, as shown by their titles, deal with periods in the history of the development of our great country which are of exceeding interest to every patriotic American boy — and girl. The books are attractively bound, each volume having an individual cover from a design by Amy Sacker. **$1.25**

Cloth, 12mo, fully illustrated.

The Minute Boys of the Wyoming Valley

By James Otis.

This new volume in the popular MINUTE BOYS SERIES certainly bids fair to exceed the success of all the previous stories. The Wyoming Valley, in the northeastern part of what is now the State of Pennsylvania, was the scene of numerous fierce and exciting struggles previous to the time of the Revolution, and the hardy Yankee settlers from Connecticut, trained by their contests with the Indians and Pennymites, as the adherents of Governor Penn were called, were well prepared to take the part which fell to them in the war against the British.



By June, 1778, every able-bodied man in the valley was away from home serving with the Continental forces in New Jersey, and it was left for mere boys to organize and band themselves together for the defence of their homes and families against the attacks of the British and Indians. The tale of their struggles, disasters, and successes is one of thrilling interest. Illustrated by A. Burnham Shute.

Other titles in the series are:

The Minute Boys of the Mohawk Valley.

By James Otis. Illustrated by A. Burnham Shute.

The Minute Boys of the Green Mountains.

By James Otis. Illustrated by A. Burnham Shute.

The Minute Boys of Bunker Hill.

By Edward Stratemeyer. Illustrated by J. W. Kennedy.

The Minute Boys of Lexington.

By Edward Stratemeyer. Illustrated by A. Burnham Shute.

The set boxed, 5 volumes. **$6.25**

Books for Boys

By EDWARD S. ELLIS

Mr. Ellis needs no introduction to his thousands of youthful readers, or to their parents. No living writer of boys' books is better known to-day.

In these stories the aim of Mr. Ellis has been to teach manliness, honesty, obedience, and right living; yet there is no preaching. A healthy, natural boy is in each case presented to us; and his pleasures, struggles, failures, and successes are all those of any earnest, manly fellow who is determined to make the most of himself and to conquer adverse circumstances. The young reader imbibes high ideals of character unconsciously while thinking he is only reading an absorbing tale.

From Low to High Gear

AN AUTOMOBILE STORY

A highly interesting story, with a bright, snappy plot. Like all Mr. Ellis's stories, it has a sound moral. The young hero wins approbation and success by application, grit, and honesty. Roy's experiences while learning to drive the automobile, his encounter with the bulldog, the midnight attack, and last, but not least, the baseball game, all told in Mr. Ellis's best vein, make it a book that all boys will want to finish at one reading.

The Girlhood of Shakespeare's Heroines.

By Mary Cowden Clarke.

There are fifteen stories in all, three to a volume. This daring series of fictions, which the brilliant author assures the reader in her preface were prompted by love and not presumption, aims to imagine those possible circumstances and influences surrounding the infancy, childhood, and early youth of Shakespeare's heroines which conduced to their mature character as developed in the plays of the great master. The stories will interest adult readers as well as girls, in view of their careful delineations of character. An idea of the contents may be suggested by quoting the titles of a few stories: " Portia, the Heiress of Belmont," " Desdemona, the Magnifico's Child," and " Rosalind and Celia: the Friends." This work is an assured classic.

Five volumes, fully illustrated, sold in sets or breakable. Cloth, 12mo, per volume, **$1.25**

Stories from Shakespeare.

By M. Surtees Townesend.

The writer who would challenge comparison with Lamb's " Tales from Shakespeare " would seem foredoomed to failure, but the fact remains that Mr. Townesend's book holds its place by the side of that immortal classic with firmness and distinction. Several of the plays here paraphrased, moreover, are not among those included in the earlier book. The stories, ten in number, are related with rare grace, finish, and sense of proportion, and the volume, although designed especially for the young, is certain to delight both children and their elders. This is a genuine addition to juvenile literature, and can hardly fail to win a very secure place among books of its class.

12mo, cloth, attractive cover design, forty-six illustrations, including 3 full-page color plates. **$1.75**

THREE POWERFUL NOVELS BY GUSTAV FRENSSEN

Gustav Frenssen, who was born in the remote village of Barlt, in Holstein, North Germany, on Oct. 19, 1863, was the son of a carpenter. After desultory courses of study at the Latin School and various universities, he became a Lutheran pastor in a small German village, and spent a number of years in obscurity, until the publication of " Jörn Uhl " in 1902 took Europe by storm. Frenssen's parsonage and little kirk became at once the shrines for thousands of literary pilgrims. Since 1903 the novelist has devoted himself entirely to literature.

Jörn Uhl.

Translated by F. S. Delmer.

" Jörn Uhl " is the most powerful story of modern German life and the literary sensation of Europe. Over 200,000 copies were sold within eighteen months of issue. The story touches upon many of the social and ethical problems of the day. The plot is of engrossing interest, and the characters almost turn into flesh and blood before our eyes, they are drawn with such tremendous realism. This novel will stand as a book of real worth, as a sincere criticism of life, and a poet's interpretation of the life of man and the wonder of the universe of God. Cloth, 12mo. **$1.50**

Holyland.

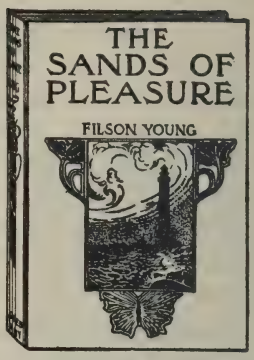
We have concluded arrangements for the publication of the exclusive authorized translation of " Holyland," pronounced by competent critics to be the greatest novel of modern times. Of this work in the German version, eighty thousand copies were sold almost immediately after its publication. The scenes and characters are drawn from among the humble seafaring folk who live on the borders of the German Ocean. Their life, love, and suffering are wonderfully shown and described. The hero, Kai Jans, makes several long sea voyages, of which the descriptions are wonderfully vivid and interesting. His love-affairs are told with unsurpassed charm and pathos, and the struggles, misfortunes, and the final physical break-down which prepares his mind and soul for their real awakening are a triumph of word picturing. Religious thought has a large place in the work, and the conception of divinity worked out is bold, startling, original, yet inspiring in the highest degree. This phase of the book does not interrupt the flow of the narrative, but justifies it, and is its triumph and crown. The story is full of masterly descriptions, is full of pathos, poetry, joy and sorrow, love and passion; its character-painting is true to life; the personages, although all of them are peasants and sailors, live and excite the liveliest interest. We have no hesitation in proclaiming it one of the greatest novels of all time. Cloth, 12mo. **$1.50**

IN PREPARATION

Comrades Three.

Uniform in size and style with above.

The Sands of Pleasure.



By Filson Young, author of " When It Was Dark," " A Lost Cause," etc.

This is a novel of unique interest, which has excited uniformly favorable comment from many and widely diversified sources.

Mr. Filson Young's " The Sands of Pleasure " is a book of notable distinction, standing as a work of art high amongst the year's publications. The architect-hero, Richard Grey, who builds a magnificent lighthouse on the Cornish coast, completing what his father had begun, has lived until thirty in an atmosphere of self-concentration. Then he visits Paris with a friend, who guides him to Montmartre and to Fountainebleau, where he drinks for a brief while of the wine of specious delight, that leaves an acrid aftertaste of lees.

The author has proved himself master of his subject. The descriptions of the lighthouse building are intensely interesting, and the atmosphere of the surroundings is in perfect accord. It is not a light book; there is no badinage, no cheapness of thought or deed. It sets one striving, unavailingly it is true, to find the clue to a certain labyrinth. In the pictures of gay Parisian life — the Bohemia of to-day (which in fundamental matters has changed little since Murger wrote) — no modern English author has been so successful. One is reminded now and then of Daudet at his best, although the vehicle used by Mr. Filson Young is of his own fashioning.

" It is tense, strong, narrative, and descriptive writing of a sort that is wholly admirable." — *London Graphic.*

" Mr. Young blends the artistic with the realistic and conjures up scenes which can never be forgotten by the reader, and no greater praise than that could be given to a writer." — *Western Morning News, Plymouth, Eng.*

" We may say at once that ' The Sands of Pleasure ' is a remarkable novel." — *Ladies' Field, London.*

Eliza.

This droll and sprightly little book amply deserves the large sale it has enjoyed in England and this country. Robert Barr has recently written of it in *The Idler:*

The seven full-page illustrations by Wallace Goldsmith are very sympathetic and clever, and the paper, binding, and typography leave nothing to be desired.

Ideal Gift Books

Eve's Daughters.

Epigrams about Women from World-wide Sources. Compiled by a mere man and portrayed by A. G. Learned.

"Eve's Daughters" flashes like a case of jewels. It borrows from the wit, wisdom, and brilliancy of many literatures.

The subject is one of perennial fascination.

The authors are the greatest of all lands.

Unusual taste has been shown in the selection of material. A gentle tone of satire adds pungency to many of the aphorisms, but the note of contempt for women which has marred most of the witty writings about them in all ages is carefully avoided; so also is the note of coarseness. What has been allowed to stand is graceful, spicy, and delightfully humorous. The illustrations are the most original feature. Every page has an artistic and exquisite line illustration. The delicate marginal drawings, as well as the full-page designs, are made with rare skill by the celebrated American artist, A. G. Learned. It is one of the most unique gift-books which has appeared from any American press in a number of years.

Mr. Rowlands has succeeded in writing a series of books, which are not only instructive, but also readable, fresh, and exhilarating. **A Short History of Ancient Egypt.

By Percy E. Newberry and John Garstang.

This is a brief history of Ancient Egypt from the founding of the monarchy until the disintegration of the empire three thousand years afterward.

The progress made by modern research furnishes, in the opinion of the authors, sufficient authority for setting aside the traditions of later historians, and for accepting instead the evidence of the monuments as the ground for the opinions they have expressed. It has been their aim to make no statement which does not rest upon the substantial basis of fact.

The work is both scholarly and popular, and is written in a style as noteworthy for charm as for dignity and exactness. The joint authors are experienced students of Egyptian archæology, and this little book is the fruit of their extensive explorations.

Journals and Letters of Samuel Gridley Howe. Volume I., The Greek Revolution.

Edited by his daughter, Laura E. Richards, with an introduction and annotations by Frank B. Sanborn. In 3 volumes, sold separately.

The publishers take great pleasure in announcing the appearance of the only full and complete account of the life services of this most distinguished philanthropist. Previous publications dealing with separate phases of endeavor and success in this many-sided life, such as his work among the blind, have appeared, but the full story is yet to be told, and this can best be accomplished in his own words, and therefore the present volume is compiled from his journals and letters, with only so much narrative as may be necessary to supply the missing links. The period of this volume comprises his youth and early manhood, especially the time of his noble and self-sacrificing volunteer services with the Greeks in their efforts to throw off the yoke of the Turks.

Inspired by his love of freedom, his hatred of cruelty, and his eagerness to relieve suffering, perhaps prompted also by the example of Lord Byron, this young American physician gave up ease, custom, and money-getting, and hastened over seas to fight a savage foe among savage mountains for love of that dear land which was next in his affections to his own, the land of the imperishable Ideal. His journals, luminous and continuous, give wonderfully vivid, enthralling and interesting accounts of the period destined to live throughout the course of history. They have been compiled, connected, and annotated by the expert hands of Mrs. Richards and Mr. Sanborn, to form a work of unique interest and value to thoughtful readers of all time.

Life of Shakespeare.

By William J. Rolfe, Litt. D.

The publication of this work is a literary event of first importance. It is the latest and most complete biography of Shakespeare, written by one of the greatest living authorities on the subject. Within the 550 pages of text, Doctor Rolfe has condensed all the known facts, as well as trustworthy traditions and reasonable conjectures, respecting the life of Shakespeare; also adequate and brilliant criticisms of the plays, sonnets, and other writings, and all available data which are reliable regarding portraits, editions, and aids to the study of the poet's works. It is fully illustrated and contains an exhaustive index.

Doctor Rolfe, in his preface, acknowledges indebtedness to Halliwell-Phillipps and other Shakespearian scholars, but asserts that he takes independent ground on certain doubtful or disputed matters. "I have endeavored," he says, "to be fair in stating theories and opinions which I feel bound to criticize, generally letting their authors or advocates speak for themselves, and leaving the reader to judge whether they are right or I am." This is a work which distinctly justifies the hackneyed phrase, "No library is complete without it."

Glossary to Shakespeare.

By Alexander Dyce.

The glossary to the complete works of Shakespeare by Alexander Dyce (1798–1869) the noted English clergyman and Shakespearian critic, is everywhere recognized as a standard work of reference, but it has not been readily accessible to the book-buyer of small means. The present one-volume edition contains all of Dyce's invaluable references for the illustrative quotations from Shakespeare, with the addition of several new features.

Dyce's references are only to volume and page of his own edition. For these (which are useless except to owners of the Dyce edition), references to the particular play, with act, scene, and line (Cambridge numbering), or the particular poem, with title and line, have been substituted. References to the Cambridge text have been inserted when the word defined, as given in that text, varies from Dyce's text.

In defining words, Dyce sometimes merely refers to his notes on the play or poem for explanation instead of giving it in the glossary. For these words the information in the notes has been transferred to the glossary, making it complete in itself.

The last part, which treats of physiology and hygiene of reproduction, contains plain lessons of universal application." — *Literary World.*

Illustrated Cabinet Edition

The Waverley Novels

By SIR WALTER SCOTT

With New Introductions, Notes, and Glossaries

By ANDREW LANG

An acquaintance with the Waverley Novels is a necessity to every intelligent reader, and no library should be without a set of these works. All other writers appreciate the rational and virtuous tendencies of Scott's works, and the historical knowledge which a careful reader gleans from them is of great value. A feature of these inimitable fictions is the delineation of national character with a fidelity the most exact, and the description of scenery with a picturesqueness almost unequalled.

The publishers of this edition propose to place before the American public these romances in a more appropriate form than they have ever been offered before in either Europe or America. The text will be reprinted from the author's favorite edition, and will contain all of his introductions and notes. To these will be added new introductions, notes, and glossaries by the world-renowned critic and author, Andrew Lang, who has had the coöperation of the Hon. Mrs. Maxwell Scott, of Abbotsford, the great-granddaughter of Sir Walter Scott, in preparing this edition, and who has had access to all of the manuscript and other material now at Abbotsford, so that new points of interest may consequently be expected in this edition.

This edition will also excel all previous editions in points of artistic merit. The illustrations will consist of two hundred and fifty etchings from original designs by some of the most distinguished artists in the world, printed on Japanese paper.

Illustrated Cabinet Edition

WORKS OF

Victor Hugo

In 24 volumes

Uniform in size and style with the Illustrated Cabinet Editions of George Eliot, W. M. Thackeray and Charles Dickens

Victor Hugo occupies not only an enviable place among the really great men of this century, but one that may be said to be entirely unique. His genius is brilliant and unquestioned, and his intellect bright, noble, and enlightened. He is at once novelist, poet, philosopher, artist, prophet, and moralist; a thinker of the highest rank, whose writings are growing in popularity, not only in his native country, France, but throughout the world; and at a time when the greatest works of many authors, who during his lifetime were considered his equals or superiors, are now unread ornaments on thousands of library shelves. The increasing demand for his works indicates most significantly the presence of certain qualities which commend them to the rising generation, and adapt them to the intellectual of all classes and all countries.

They appeal to the refinement of thought of the present age, and among them are found masterpieces of fiction and drama which will rank among the highest of all times and all countries. Among the novels, "Les Miserables" and "Notre Dame" are ranked as among the very greatest works of fiction ever produced in any age or country.

The illustrations will consist of etchings and photogravures by the most notable French artists, who have vied with one another to produce fitting designs to illustrate these masterpieces of modern literature. The photogravures have, in the main, been executed in Paris, by the celebrated firm of Goupil et Cie. There may be also especially mentioned etchings of many original compositions by the celebrated artist,

François Flameng, the exclusive right to which, with editions in this country, has been purchased by the publishers of this edition. In addition to these will be several portraits of the author. Among the famous artists and etchers whose work appears in this edition are Detaille, Leloir, Vibert, Perrault, Bonnat Merson, Lefevre, Frere, Hagborg, and others equally famous.

This is the only complete edition of Victor Hugo's Romances, and it contains also his celebrated Last Days of the Condemned, Things Seen, Poems, Dramas, etc.

Printed by the University Press, on the finest English-finish paper, from large, clear type, well leaded, and set in a small page. Bound in English silk-ribbed cloth, with a particularly unique and appropriate full gold back design, gilt tops, uncut edges.

This edition of THACKERAY contains all of the novels and miscellanies contained in the best standard edition, issued in England with the author's approval.

A companion set to the Illustrated Cabinet Editions of George Eliot, Victor Hugo, and Charles Dickens, printed on the finest English-finish paper, from beautiful type, well spaced and set in a small page. Press-work by the University Press.

The volumes are a small 12mo, uniform in size with the Illustrated Cabinet Edition of Eliot, and bound with handsome full gold backs in English silk ribbed cloth, gilt tops.

One of the distinguishing features of this edition is a greater variety of illustrations than has ever appeared in any edition of THACKERAY'S WORKS, consisting of 210 woodcuts, mainly from the drawings of the author, which have become as thoroughly identified with his

literary works as have the drawings of Cruikshank and Phiz with those of Dickens. These will be supplemented with reproductions of drawings by the celebrated English artists, Millais, Barnard, and Luke Fildes; and to these will be added two etched portraits, a series of original etchings, drawn and etched by Pailthorpe especially for the publishers of this edition, together with the famous etchings by George Cruikshank, six photo-etchings from the Character Sketches of Frederick Barnard, and many photogravures reproduced for this edition from photographs of real scenes referred to. Illustrated Cabinet Edition

WORKS OF

Charles Dickens

In 30 volumes

Uniform with our Illustrated Cabinet Editions of George Eliot, Victor Hugo, and W. M. Thackeray

Innumerable editions and bindings of Dickens's Works have from time to time appeared on the market, but it is a remarkable fact that none have yet appeared that in the judgment of competent critics are worthy of this great revolutionizer of English literature, or which possess the true artistic character in illustration and typography.

Confident in the belief that the times demand really fine work, the publishers have planned an edition which will from the outset create a new and widespread interest, not alone in the author's novels, but in the perfection of their presentation.

As much of Dickens's early success was due to the marvellous illustrations made by Cruikshank, Phiz, and others, which were submitted to and approved by Dickens before they were accepted (early impressions of which command enormous prices), it has been deemed of the first importance that these be used in preference to anything else. Many illustrations have since been made by talented artists, but the fact that they have never been accepted by the public as really illustrating Dickens is convincing proof that the original designs could not be improved upon. Early impressions have accordingly been obtained at great expense, and competent artists secured to reëtch them line for line. Some of the original volumes were illustrated by wood engravings, as "Barnaby Rudge," "Old Curiosity Shop," etc., and the publishers have been so fortunate as to obtain from the English publishers, Chapman & Hall, electrotypes from the original wood blocks, which have never been printed from. These, over three hundred in number, will be printed on metallic surface coated paper, and the patrons of this edition are thus guaranteed excellent impressions of the finest illustrations ever made for Dickens's works. Among the great

artists whose work is included in these volumes are: CRUIKSHANK, SEYMOUR, H. K. BROWNE (Phiz), MARCUS STONE, CATTERMOLE, F. WALKER, DOYLE, LEECH, MACLISE, LANDSEER, BARNARD, AND DARLEY.

In many instances extra plates are given, which are contained in no other similar edition of the present day. By far the most attractive and most easily read Dickens ever made.

It is hard to imagine any way in which this edition could be improved. Small, handy volumes, uniform in size with the Eliot, Hugo, and Thackeray, printed by the University Press, from a type page that is simply perfection. English finish paper of the best quality, and bound in silk-ribbed cloth, gilt tops.

WORKS OF

George Eliot

AND LIFE

Edited by J. W. CROSS

The works of George Eliot have within our own time become recognized as standard literature with which all intelligent persons are bound to become familiar. Their position in the literary world, if not, indeed, entirely unique, is certainly unexampled in the history of English-speaking peoples. The author has been aptly denominated "the intellectual daughter of Shakespeare," and several of her novels are ranked by many good judges of literature as worthy of a place beside the immortal work of Cervantes and other of the masterpieces of the world's fiction. No series of novels was ever written with a higher moral purpose or more conscientious literary effort. The publishers of the present edition enter with enthusiasm upon the production of what they believe to be the nearest approach to an appropriate mechanical and artistic reproduction of these incomparable works ever projected. This edition will be unique in point of illustration and manufacture.

Illustrated with 120 etchings and photo-etchings. In 24 volumes. 12mo. English silk-ribbed cloth, with ornamental cover stamped in gold.

Sold either in sets or separate works, at $1.50 per volume.

The typography and press-work are by the University Press, the type being well leaded, and set in a small, easily read page, and the press-work the very best that skill and care can produce.

Illustrated Cabinet Edition

WORKS OF

John Ruskin

In 26 volumes

John Ruskin stands, without a peer, the most eloquent and original of all writers on nature, art, and architecture in the world.

As a writer of beautiful English, too, his "Sesame and Lilies," "Mornings in Florence," etc., have long been recognized as masterpieces.

His picturesque Saxon style, graphic, clear, and forcible, is justly considered one of the glories of modern English literature, and, as Charlotte Bronté says, "He writes like a consecrated priest of the abstract and ideal."

The "Spectator" says (Autumn, 1884): "No other critic ever occupied such a position. He is one of the best known and most appreciated figures in our generation. His older books are among the treasures of the bibliophile, his later works are purchased like scarce plates, his opinions are quoted like texts from a holy book."

Carlyle writes to Emerson, in the last letter he ever sent to him: "No other man in England that I meet has in him the divine rage against iniquity, falsity, and baseness that Ruskin has, and that every man ought to have."

No previous edition of Ruskin has fully met the requirements of exacting book lovers; the Illustrated Cabinet Edition, we believe, will.

Printed from beautiful, clear type, well spaced with indented side notes on deckle-edge, soft laid paper, equal to the finest hand-made as far as results in printing are concerned, and producing a volume light in weight.

The full-page illustrations number 288, and include all the colored plates, steel engravings, etchings, and process cuts, in all the original tints. In addition to the full-page illustrations are the cuts in the text — many hundreds of them altogether. A large proportion of these are from drawings by Mr. Ruskin, and are not only attractive in appearance, but are absolutely necessary for a proper interpretation of the text.

The volumes are bound with flat backs and uncut edges, gilt tops, in a handsome cloth, with an especially appropriate full gold back design. Size, a tall 12mo.

The works will be sold in complete sets *or separately* as follows:

THE ROMANCES OF

Eugene Sue

Uniform in size and style with our Illustrated Cabinet Editions of John Ruskin and William H. Prescott

Although forty years have elapsed since the death of Eugene Sue, no fitting edition of this great author's works has ever been published; and yet he stands to-day the third member of the great triumvirate of French authors who not only did much for the literature of France, but did their share toward revolutionizing many old ideas. If choice of the three greatest French novels were made, the selection would undoubtedly consist of "Les Miserables," "The Three Musketeers," and *The Mysteries of Paris*, and hardly less great is *The Wandering Jew*.

This edition is printed on Dickinson's all rag deckle-edge laid paper, from a new set of plates set in a most artistic manner, and contains about 100 fine etchings by well-known French artists, printed on Royal India etching paper.

The volumes are bound with flat backs, gilt tops, and uncut edges, in cloth, with a handsome gold back stamp. Size, a tall 12mo.

The Romances of Eugene Sue consist of the following works:

Illustrated Cabinet Edition

OF WORKS ABOUT

Napoleon

The extraordinary revival of interest in the life and times of the great Napoleon has made it possible to issue in its present form, and in a uniform style, the three greatest works ever written on the subject, Hazlitt's Life, Bourrienne's Memoirs, and Madame Junot's Memoirs, which have been acknowledged by modern historians as being the most elaborate and impartial records of Napoleon's life ever published. It is not within the scope of any one historian to view the varied sides of this wonderful career and do the subject justice. It is for this reason that no one "Life" yet written contains the necessary data to properly judge the man.

There has been no question in the minds of the publishers as to the best works to be chosen, as the present selection remains in its entirety the most complete and reliable Life of Napoleon ever issued. The "Life" written by William Hazlitt was first published in 1830, and is a clear history of the period commencing with the causes which eventually resulted in the French Revolution and ending with the death of Napoleon at St. Helena. Hazlitt occupies a front rank among the great historians of the world.

For a number of years, commencing with his school-days, Bourrienne, the close friend of Napoleon, and later his private secretary, had an opportunity to watch the events which culminated in the greatest reign of modern times, and which permitted him to give to the world a work which would never have been written but for these favoring circumstances. He does not claim to have written a work which could properly be termed a "Life," but a recital of incidents which it is necessary to read in order to properly understand the causes and results which make this epoch of French history so fascinating. He deals almost

exclusively with the Cabinet, and in his narrative the reader comes in personal contact with all the great statesmen of that period.

Madame Junot, Duchess d'Abrantes, occupied a position at court from the establishment of the Consulate to the completion of Napoleon's reign. Her acquaintance with him ripened into a warm friendship and admiration for his wonderful ability; and her cheerful, happy disposition made her a great favorite. Her opportunities for studying the social side of this period were many. Her husband was a favorite general of the Empire, and under such favorable auspices she could not be other than interesting. She has not attempted to deal with the political side of this career, but confines herself exclusively to her reminiscences of facts occurring at court.

The form selected will be a tall 12mo, with large, open-spaced type and ample margins. The illustrations — over eighty in number — will consist of proofs on Royal India etching paper of etchings and photogravures, made expressly for the work, and include a portrait of every marshal, general, and statesman who took a prominent part in Napoleon's reign. Many of the great battles will be represented, and are reproduced from originals which are owned by the French Government.

Particular attention will be paid to the portraits of Napoleon; and of these there will be a large number, showing him at various stages in his life; and in each instance they are made from the original painting or engraving.

The paper used will be a fine laid deckle-edge paper.

The work will be printed at the University Press, Cambridge, from new electrotype plates set from new type.

Illustrated Cabinet Edition

WORKS OF

Captain Marryat

Uniform in size and style with our Illustrated Cabinet Editions of John Ruskin and William H. Prescott

Captain Marryat, as a novelist and story-teller, possessed a lively imagination and a keen sense of humor, as well as sound literary talent, but he is dependent on none of these qualities for the lasting success and popularity of his works. He had, besides, the advantage which no other writer except Smollet had, of having passed his life among the events and scenes he used in his tales, and readers of Marryat do not have to content themselves with description at second hand. The sailor-author himself found in his own heroic career real events and incidents enough to fill his twenty odd volumes. That he has bestowed them on fictitious personages, instead of relating them as his own, does not detract from the vivid force and reality of his descriptions. This quality constituted the chief interest in his works, and has given them a prominent place among standard works of fiction.

The times he lived in and wrote of are of exceptional interest to the lover of sea tales. Ships and sailors battled for, and controlled the destinies of the world. The man-of-warsman was in the zenith of his glory. It is no wonder that Marryat, who wielded so ready a pen, and who passed his life among such stirring scenes of tempest and battle, should be the favorite author with lovers of the sea.

In announcing an authorized edition of Marryat's works, the publishers have availed themselves of exceptional facilities, and can promise all book lovers an extraordinarily fine work.

The set is complete in twenty-four tall 12mo volumes, which is bound in cloth, gilt tops. The text of the work is printed from

new plates on Dickinson all rag deckle-edge laid paper. There are about 150 illustrations in photogravure from original drawings by F. W. Hayes, A. R. C. A., W. H. Overend, E. J. Wheeler, and Frederick Barnard, printed on Royal India etching paper. Valuable and interesting introductions to the different novels are contributed by W. L. Courtney, M. A., LL. D.

The set will be the best trade edition ever published in America. The works will be sold in sets *or separately* as follows:

Illustrated Cabinet Edition of

Scott's Poems

In 6 volumes.

Uniform with the Cabinet Edition of Scott's Waverley Novels, with introductions, glossaries, and notes for each volume by Andrew Lang, illustrated with more than thirty photogravures, besides numerous beautiful etchings by W. H. W. Bicknell. Six volumes, sold in complete sets or as separate works:

Vol.	**I.**	**Lay of the Last Minstrel** **Ballads**
"	**II.**	**Marmion**
"	**III.**	**Lady of the Lake** **Miscellaneous**
"	**IV.**	**Rokeby** **Vision of Don Roderick**
"	**V.**	**Lord of the Isles** **Occasional Pieces**
"	**VI.**	**Bridal of Triermain** **Minor Poems**

This is the most sumptuous trade edition of Scott's Poems ever offered to the public, and the publishers anticipate for it a success commensurate with the large sale of the Cabinet Waverley. No library shelves are thoroughly furnished which lack the poems of the great Scotch Wizard, who first made his wide reputation, it will be remembered, by his verse rather than his prose. His "Lay of the Last Minstrel," "Marmion," and "The Lady of the Lake" have a rush and energy which recall the best passages of Homer, and many readers who do not care for poetry as such are devoted admirers of these great descriptive epics of the North. According to Lockhart "'The Lay' is generally considered as the most natural and original; 'Marmion' as the most powerful and splendid, and the 'Lady of the Lake' as the most interesting, romantic, picturesque and graceful of his great poems." The success of Scott's poems may be gathered from the single fact that twenty thousand copies of the "Lady of the Lake" were sold within a year after its publication. Scott was offered the position of Poet Laureate before he had published even one of his Waverley Novels. It will be seen, therefore, that the reader who owns only the prose romances can by no means lay claim to possessing the Works of Sir Walter Scott. The publishers are now able to offer the book buyer an opportunity of completing his set of Scott's collected works.

OF THE WORKS OF

Alfred, Lord Tennyson

IN 12 VOLUMES.

Although the last century has been a grave of brilliant reputations, the fame of Tennyson is as secure as it was in 1842 or 1850. He belongs to the succession of the great English poets. In fact, after Chaucer, Shakespeare, Milton, and possibly Wordsworth, he stands in the opinion of not a few critics indisputably at their head. Every bookbuyer, even of the most limited means, has come to feel that it is a matter of imperative necessity to own a good set of Tennyson's Works. It is a gratification to the publishers that they can offer the finest edition of this great Victorian master which has ever been placed on the American market. This edition is edited and annotated by Prof. William J. Rolfe. It may be confidently pronounced the most beautiful edition of Tennyson's Poetical Works ever offered to the trade. It is issued in twelve volumes, with about five illustrations to each, including photogravures and etchings from paintings by Edward Lear, one of the poet's lifelong friends, and also from landscapes and figure paintings by Doré, Edwin A. Abbey, Frederick Dielman, and others. The text of the edition was collated and edited by Doctor Rolfe, with all of that scrupulous care which has made his name a synonym for accuracy, and the variorum readings and other critical memoranda are invaluable to the reader. In the prosecution of his work, the editor obtained the cordial approval and coöperation of Lord Tennyson and his family. This edition is in the most literal sense definitive. Sold only in sets, 12 volumes, cloth, 12mo, half calf or morocco.

OF THE COMPLETE WORKS OF

Honoré de Balzac

In 36 volumes

Balzac is universally conceded to be the greatest novelist of France if not of the world. In his "Comédie Humaine" he set out to portray contemporary French life of all classes and types, and in the accomplishment of this task was marvellously successful. His stories contain two thousand characters drawn with a realism and imaginative grasp unapproached by any other writer since Shakespeare. His analysis of motives and subtlety of insight are equalled only by the power and rush of his narrative, which has a dramatic intensity hard to match elsewhere in literature. Balzac is the master of many styles — the idyllic, impassioned, fanciful, and sententious, but he always enchains the attention and fascinates the mind. He was the amanuensis of society. Human nature seemed to put itself permanently on record through the medium of his pen. His astonishing fertility is the standing marvel of all literary workers who have come after him. Although he died as recently as 1850, he seems to be as assured a classic as Dante, Cervantes, and Goethe, — one of the eternal men. The popular demand for Balzac's works has had a tremendous impetus within a few years, and it is coming to be true that not to have read "Père Goriot," "Eugénie Grandet," and other of his masterpieces, is to write one's self down ignorant of the best in modern literature.

This edition of Balzac is a new translation into English, made with unusual charm of style and fidelity to the original. The introduction to each volume is contributed by George Saintsbury, M. A., Professor of English Literature in the University of Edinburgh, and one of the most eminent of living critics.

The publishers have confidence in announcing this edition as the most *complete* and the *only authorized* rendering of the Saintsbury Balzac. It contains four new volumes, never before included in any set of Balzac: "The Physiology of Marriage," "The Dramas" (in two volumes), and a "Repertory of the Comédie Humaine." The addition of this valuable material renders the edition without a rival.

The paper employed is a superior quality of laid, deckle edge, made especially for this edition, and the text is printed from new type with

a clear open face. The title-pages are printed in two colors. The illustrations number about one hundred and fifty, and include a group of reproductions of etchings made by famous English and French artists for the first English edition, a collection of quaint old wood-cuts made by French artists during Balzac's lifetime, and giving authentic contemporary costumes, and a series of paintings and black and white sketches made expressly for this edition by some of the best American artists of to-day. The illustrations also include the best existing portrait of Balzac and the latest portrait of Professor Saintsbury.

Illustrated Cabinet Edition

OF THE COMPLETE WORKS OF

Edgar Allan Poe

The works of Poe, both verse and prose, are increasingly in demand. This author has at last taken his rightful place as the greatest imaginative genius, with one possible exception, whom America has produced.

The Cabinet Edition contains all of Poe's immortal short stories, which some hold to be the greatest ever written, as well as his complete poetical works, criticisms, and general essays. It is prefaced by a sympathetic memoir from the pen of the late Richard Henry Stoddard, occupying over 220 pages, and embellished with facsimile autographs. It contains also brief appreciations by James Russell Lowell and Nathaniel Parker Willis, as well as a remarkable critical essay by Mr. Stoddard, entitled "The Genius of Poe." Of Poe's Tales Mr. Stoddard says: "There is nothing in English literature with which the stories of Poe can be compared, and nothing in American literature, except the stories of Hawthorne." The text is printed in large, clear type, with wide margins, on a handsome laid deckle-edge paper. The edition contains nearly 40 etchings and photogravures.

These works will be sold in sets or separately as follows:

Celebrated Crimes.

By Alexandre Dumas. In three volumes, uniform with and forming a continuation for our *Cabinet Dumas*.

This series, unique even among the writings of this great author, constitutes a work of such rare and peculiar interest as to be deemed essential to any approved edition of his works. The translating and editing have been done with highest skill and judgment, and the result shows a work of unsurpassed merit, not only as literature, but also as history. M. Dumas, not only in these stories, but in those which he has derived from other sources, has been scrupulously accurate with regard to facts, having collated the authorities and given every incident according to the evidences obtained by his researches.

Only a faint idea of these remarkable volumes can be given. The romantic portions of the history of Europe, from Russia to Spain, from Turkey to Scotland, are given only as Dumas could write. The works describe the crimes and intrigues of the royal courts of Europe in the most remarkable manner. These great works are now offered for the first time in a handy volume, complete edition, at a price which places them within the reach of all.

The illustrations include nine full-page photogravures from original drawings by E. H. Garrett, as well as reproductions from famous paintings of historical characters, the secrets of whose lives are discovered in the pages of the work, and many plates.

The set contains the following:

THE BORGIAS.

Bersier-Rankin

The Estrangement of Young People from Christianity

It answers many of the objections to Christianity which thoughtless youths of to-day are apt to offer. Translated by J. E. Rankin, D.D., LL.D., President of Howard University. 16mo, Cloth, 58 pp. 50 cents.

This book must prove most serviceable reading placed in the hands of those verging upon manhood, and, read at the right moment, is likely to determine the destiny of the reader.—*The Religious Herald, Hartford, Conn.*

Bertram, Rev. R. A.

A Homiletic Cyclopedia of Illustrations in Morals

It contains 5,000 useful illustrations and extracts relating to over a thousand religious and theological topics. The quotations are taken from the best authorities in the United States, England, and Continental Europe. The work also embraces the features of a homiletic commentary, throwing light on more than 4,000 texts of Scripture. Large 8vo, Cloth, 896 pp., $3.50; Sheep, $5.00.

The entire book is one extended index,—each subject and all its heads and subdivisions are so arranged typographically that everything can be most readily found. In addition, there is a triple set of indexes, the first being an index of arrangements, with all the subdivisions. It serves as an exhaustive homiletical analysis of each topic. The second is the index of subjects, and the third is a textual index.

No book of illustrations for fulness, and, above all, suggestiveness, is worthy to be compared with this work.—*Literary World, London.*

I like Bertram's Homiletic Cyclopedia better than any collection of illustrations I have ever seen. Its analysis of subjects makes it much superior to a mere mass of quotations alphabetically arranged. It is not simply an orderly collection of beautiful stories, but a series of mosaics. —*Josiah Strong, D.D.*

To the average minister it will prove a library of valuable and suggestive sermonic material.—*Arthur T. Pierson, D.D.*

Nearest to our ideal of what such a cyclopedia ought to be.—*The Congregationalist, Boston.*

If one must read a book through, as usually he should before giving an opinion of its merits or defects, it will be some time before I can give you one about Bertram's Homiletic Cyclopedia. But if sipping at a spring may fairly test its waters, or if eating a bunch of grapes may leave a just impression of a fruit of a vine, I don't know why my scattered readings in this encyclopedia may not justify me in saying that it appears to me an immeasurably rich collection of instruction and suggestive thoughts collected from many writers, evangelical in tone, and sure to be helpful to the mind and heart of one using the volume.—*R. S. Storrs, D.D.*

Its ground plan is an alphabetical list of subjects, beginning with Adversity and ending with Worship. Each topic is divided sermon-wise into heads, and indeed is a sermon in itself. Under each of these illustrative quotations are given. Writers of every age and school have been laid under contribution.—*The British Quarterly.*

Its arrangement renders it a useful aid to all religious writers and preachers, and indeed to all religious readers also.—*The London Times.*

Any pastor who, by reading for fifteen minutes, could not find a sort of inspiration seizing him to go to work upon his sermon must be a man whom the Lord never made for a "preacher."—*Bishop Coxe, D.D.*

The ease with which any illustration is found is a commendable feature. . . . We are prepared from our examination to indorse the words of Spurgeon: "A very valuable compilation—a golden treasury—an important addition to a minister's library"—and to say that it is remarkably low at the price for which it is published. —*The Christian Evangel, Chicago.*

No one is likely to overestimate the influence of such a rich collection in a place where it is very difficult or even impossible to command the works of the best religious authors. For many it must necessarily serve as a library of reference and a cabinet of gems.—*N. Y. Observer.*

Bible Dictionary Standard (*Ready, Fall* 1906)**

A new, comprehensive, yet condensed, Bible Dictionary prepared under the editorial direction of Melancthon W. Jacobus, Dean of Hartford Theological Seminary; Andrew C. Zenos, Professor Ecclesiastical History in McCormick Theological Seminary, Chicago; Edward E. Nourse, Professor of Biblical Theology in Hartford Theological Seminary. Associated with them are prominent American, British and German scholars. Cloth, 4to, helpfully illustrated. $6.00, *net.*

As to the new "Standard Bible Dictionary," even judicious and cautious men can afford to speak with confidence and congratulations. The writers, the compilers, the publishers, justify great expectations.—*Bishop John H. Vincent, D.D., LL.D., Indianapolis, Ind.*

The plan of your "Standard Bible Dictionary" and the accomplished, distinguished, and reverent scholars of both continents who are to prepare the work, are assurances that it will be a very rich storehouse of bible learning, both evangelical and scholarly. I heartily commend it.—*Edward P. Ingersoll, D.D., Secretary American Bible Society, New York City.*
